

REBELS DRAW NEAR MADRID

THOUSANDS OF LEGIONNAIRES 'TAKE' CLEVELAND

Alice Longworth Says

(Special To The News)
CINCINNATI, Sept. 21.—American newspaper correspondents with the Spanish Rebels get into trouble for asking questions as to where all the airplanes come from. They are also accused of referring to the Rebels in their dispatches as Loyalists, and to the Loyalists as Rebels. The Rebels want to be called Loyalists, and they want the Loyalists to be called Rebels. Now, the affair will become even more serious if the Loyalists, fighting the Rebel Loyalists, should work into the enemy's coats and, after a short rest, should turn out to be really Frenchmen and Italians, fighting against Germans and Russians.

American news writers find it difficult to submit to foreign editors disguised as generals, who use machine guns for blue pencils. These war correspondents have learned that, no matter who wins, there will be no freedom of expression.

PA NEW OBSERVES

These community concerts and sings in Mahoningtown are getting to be "quite the thing." The W. P. A. orchestra has arranged another fine program to be presented at 7:30 o'clock Tuesday night at the bandstand in Liberty street park. Red Williams will lead the "sing."

Seen along Atlantic avenue Sunday: boy leading cow and playing marbles with another boy at the same time.

Work of painting the West Washington street bridge girders is about completed.

That fine playground outfit at the Crawford Oakridge children's home, Atlantic avenue, has been furnishing many happy hours for the youngsters throughout the summer.

Some excellent improvements to the berms and construction of drainage gutters are in progress on the Wampum road this side of the Piedmont farm.

Quite a large number of American Legion delegates to the national convention in Cleveland, O., were noted going through New Castle en route to the Ohio city yesterday. They were wearing hats which designated them as members of the Legion.

Work has been started on the paving project on Garfield avenue between Wilmington avenue and Mercer street. Grading is nearly completed on Leasure avenue between Wilmington avenue and Mercer street.

With a perfect autumn day traffic on highways in this district was near a record on Sunday. Most drivers apparently were heeding the orders to keep speed under a 50-mile maximum, it appeared.

Legion Host Is Assembled In Cleveland

Quarter Million World War Veterans Attending National Convention

NEWTON D. BAKER WILL SPEAK TODAY

Delegates "Whoop It Up" As They Take Possession Of Big Ohio City

By EDWARD B. LOCKETT
International News Service Staff Correspondent

CONVENTION HALL, CLEVELAND, O., Sept. 21.—National Commander Ray Murphy formally convened the eighteenth annual convention of the American Legion here today, with a ringing demand for preparedness against a tinderbox world ready at any moment to burst into flames of war.

CLEVELAND, Sept. 21.—Nearly a quarter of a million World War veterans today whooped, sang and drummed the American Legion's 18th annual convention into action.

Technically, the convention was 24 hours old, but the first formal business sessions opened this morning in Cleveland's big convention hall.

Everybody said the 1936 Legion convention would be a comparatively quiet affair, and maybe it is. You could hardly hear it with the naked ear 40 miles away in Akron. If this one is quiet, those that have gone before must have been hum-dingers, the crowds, the noise and the fanfare of the Republican national convention here in June were a pale pink in comparison.

Baker Is Day's Speaker.

Newton D. Baker, who was secretary of war during the war-time administration of President Woodrow Wilson, was the principal speaker of the day.

Other speakers scheduled through the day included M. Victor Beauregard of France, treasurer of the Legion's National Federation of Veterans (Continued On Page Two)

Sarah Churchill Goes Into Hiding

Daughter Of British Statesman May Marry Vic Oliver, Famous Comedian

(International News Service)
NEW YORK, Sept. 21.—The pretty 21-year-old daughter of Winston Churchill, British statesman, hid behind the backdrop of publicity's spotlight today.

The red-haired Sarah was in seclusion somewhere in the city and the status of her reported romance with Vic Oliver, Viennese-American actor, remained very much in doubt.

She was met down the bay on the liner Bremen by Oliver and then she vanished after declining to talk with reporters about her reputed statement that she would marry Oliver.

The girl said that her brother Randolph, who is on his way here would do all of her talking.

Delegates Back From Convention

V. F. W. Delegates Return From National Convention At Denver, Colo.

Clarence A. Leslie, quartermaster of the Corporal Harry L. McBride Post, V. F. W., and Joseph Palk and wife, have returned from Denver, Colo., where they attended the sessions of the national convention of the Veterans of Foreign Wars, which took place last week.

They report one of the most colorful conventions that the V. F. W. has had in some time. The convention next year is to take place at Buffalo, N. Y.

Further Domination In China By Japan Seen In Latest Move

By JAMES R. YOUNG
International News Service Staff Correspondent

TOKYO, Sept. 21.—Emperor Hirohito today gave his imperial sanction to the immediate dispatch of naval landing forces to Chinese territorial waters.

Confirming that Japan has reached the limit of her patience, and now proposes vigorously to carry out her threats of drastic action to curb anti-Japanese movements in China, the announcement of the emperor's step gave no details of the number of ships and men involved or their destination.

Further Domination
In the heat of Japanese anger over a series of murders of Japanese subjects in China, intervention by the emperor indicates that sweeping action ending in further Japanese domination over China has been determined upon.

This was borne out in a communique issued by the navy department, partially explaining the emperor's order as dictated by requirements of "self-defense."

"Anti-Japanese terrorism has extended its hand across China and is gradually becoming more rampant," the navy ministry's statement declared.

"In consideration of this fact, the navy has been compelled to organize (Continued On Page Two)

Messages Dropped On City Of Madrid

SEVILLE, Sept. 21.—Twenty-five huge insurgent bombing planes roared over Madrid today, dropping messages threatening a "terrific attack" on the capital and advising the population to surrender to avoid unnecessary bloodshed, according to word here.

U. S. Embassy Will Be Closed

State Department Orders Action At Embassy In Madrid

AMERICANS ARE TOLD TO LEAVE

By ROBERT G. NIXON
International News Service Staff Correspondent

WASHINGTON, Sept. 21.—As savagely fighting rebel hordes pressed to within 35 miles of Madrid, the United States government today warned Americans to flee to safety aboard warships and ordered the embassy in the Spanish capital closed.

The embassy, where for ten weeks of the bloody civil war scores of Americans have been sheltered, will be withdrawn as a place of refuge tomorrow, the state department announced.

Remain At Own Peril

Americans who refuse to entrain for the Mediterranean coast to be evacuated by warships were told the United States will no longer be responsible for their safety.

"Those remaining in Madrid do so on their own responsibility after repeated opportunities to leave," the department announced.

Secretary of State Hull meanwhile, ordered the consulate at Malaga closed as a critical situation developed at that seaport. Consul George M. Graves, of Bennington, Vt. boarded the U. S. destroyer Hatfield to be taken to Gibraltar.

142 Still In Madrid

One hundred and forty two Americans are still in Madrid, 328 have been evacuated since the fighting began.

Eric C. Wendelin, in charge of the Madrid embassy, was instructed to have his staff return to their homes in the city. Americans who have been boarded in the embassy also must return to their residences or leave the city.

The embassy staff will remain in Madrid but the embassy will not be reopened until the civil war is ended unless conditions arise which make it too dangerous for Americans to remain in their homes, the state department declared.

Clark Heads State League

New Castle Man Named President Of Pennsylvania Building And Loan League

CONVENTION ENDS AT WERNERSVILLE

NORMAN E. CLARK

Norman E. Clark, of this city, was signally honored Saturday, when he was named president of the Pennsylvania League of Building and Loan Associations at the concluding session of the 59th annual convention at Wernersville, Pa.

Mr. Clark, who has been secretary and director of the New Castle Mutual Building and Loan Association for a period of years, has been active in the affairs of the state association for several years. He is also treasurer of the Lawrence County Chapter, American Red Cross, and is a past president of the local Kiwanis Club.

Other officers named by the state association to assist Mr. Clark are: William Reinhardt, Philadelphia, vice president; James J. O'Malley, Wilkesbarre, second vice president; George W. Cliffe, Philadelphia, secretary and treasurer and Joseph H. Sundheim, counsel.

Miss Pickford refused to admit she is even engaged to the handsome actor and orchestra leader. She plans to sail for Europe after attending a New York premiere.

Free Methodist Delegates Leave On Sunday Night

Annual Meeting Of Oil City Conference At Local Church Brought To Close

APPOINTMENTS READ ON SATURDAY NIGHT

Rev. W. M. Aiken Transferred From Dewey Avenue Church To Sharpsville

Services of worship, an ordination ceremony and a missionary meeting brought the annual session of the Oil City conference, Free Methodist church, to a close on Sunday at the First Free Methodist church of New Castle on Arlington avenue, and the host of clergymen and lay delegates returned to their homes in northwestern Pennsylvania after five days in this city.

Late Saturday night, at the conclusion of a special meeting which it had been necessary to call in order that business of the conference could be completed, the appointment of pastors for the new conference year were read as follows:

Conference Appointments.

Moorhead Makes Investigation Of Mercer Co. Charges

Charges that eight highway employees in Mercer county are receiving relief are being investigated today by James W. Moorhead, area director. Mr. Moorhead expects to have the facts assembled on Tuesday and will make a formal report to the charges of the auditor-general of the state, Frank E. Baldwin.

Mr. Baldwin has stated that his investigators found 96 ineligible cases in Mercer county and fifteen overpaid cases. A number of cases have been unearthed by the relief authorities and restitution has been forced through the area offices.

Committee To Study Crop Insurance Plan

By GEORGE DUNNO
International News Service Staff Correspondent

ABOARD PRESIDENTIAL SPECIAL EN ROUTE TO HYDE PARK, Sept. 21.—President Roosevelt belatedly headed back to his Hyde Park home today, leaving behind him in Washington two newly created committees designed to bring about crop insurance and prepare a long-time drought and land-use program "at the earliest possible moment."

Significant politically, the President had moved to further solidify his program of agricultural aid in advance of the speech Gov. Alfred M. Landon, his Republican opponent, is planning to make in Des Moines on Tuesday outlining the farm program he would inaugurate if elected.

Mrs. Roosevelt Recovering

The executive left Washington only after receiving assurances from Captain Ross T. McIntire, the White House physician, that Mrs. Roosevelt, ill for the past week with gripple, was definitely on the road to recovery. He had returned to the capital from Harvard Friday night instead of going direct to Hyde Park when he learned by phone his wife was still running a temperature and confined to bed.

Today is the President's mother's 82nd birthday. This fact impelled him to make the trip without Mrs. Roosevelt. His daughter, Mrs. Ann Roosevelt Boettiger, and his (Continued On Page Two)

Landon Will Speak In Farm Belt Cities During Present Week

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

TOPEKA, Kas., Sept. 21.—While Alfred M. Landon put the finishing touches on three major addresses he will deliver on his coming invasion of the farm belt, the Republican high command today ordered a drive to halt a whispering campaign, which charges the Republican nominee with racial prejudice, misleadership with school funds and radical dryness on the liquor issue.

Landon will leave here at 8:30 tomorrow morning on a seven-day trip through Missouri, Iowa, Minnesota, Wisconsin and Illinois. His major speeches will be delivered in Des Moines Tuesday night on the farm problem, in Minneapolis on Thursday night on reciprocal trade treaties and in Milwaukee Saturday night on the social security issue. He will make "rear porch" talks from his special train in scores of cities and towns throughout the farm belt.

The Republican high command meanwhile will circulate a statement by Felix M. Warburg, outstanding Jewish philanthropist and social welfare leader, praising Landon (Continued on Page Two)

City Will Pave School Streets

To Ask Approval Of Paving Projects In Front Of Schools

CITY WILL PROVIDE FOR PAVING COST

Council convened in the city building today and launched a move whereby the W. P. A. will be requested to approve a paving project, known as program C, in which Euclid avenue between North Mercer street and Delaware avenue is included. This means, providing W. P. A. approval is granted, that the curbside in front of the George Washington junior high school will be paved at the city's expense.

Mayor Charles E. McGrath stated during the session that, while the school board has stood pat on the paving assessment exemption granted by the act of assembly, city officials do not believe an improvement, especially in front of the school, should be held up. He explained that, after all, the money for paving comes from the taxpayer and the city will pay the bill.

He said that in addition to this, there would be other sections paved in front of schools.

City Engineer Glenn R. Throop explained that the cost of paving in front of school property, on streets where property-owners had petitioned for paving would cost the (Continued on Page Two)

Arrest 25 For Speeding Auto

Local Highway Patrolmen Sally Forth, And Seize Offenders

Members of the local detachment of the state highway patrol during Sunday made 25 arrests on a charge of speeding automobiles, the drivers being taken immediately before audermen. The drivers each were fined \$10 and costs, which amounted in all to \$12.50.

In commenting on the arrests today Corporal Kock said that the 50 mile an hour speed limit for automobiles would be enforced strictly as would the speed limit for trucks. No truck will be permitted more than five miles per hour leeway. Trucks are "gated" according to size, he said.

Jackson Center Mine Is Burned

Loss Is Estimated At Approximately \$60,000—To Rebuild Plant

(International News Service)
SHARON, Pa., Sept. 21.—A fire of unknown origin today destroyed the Domestic Fuel mine at Jackson Center, causing damage estimated by fire officials at \$60,000.

Ninety men were working when the fire was discovered. The mine is the largest domestic mine in Mercer county. The temple, boiler and engine houses, and 450 tons of coal were burned. Much of the equipment was new, and mine officials said rebuilding would get under way at once.

Amiesite Bids On Rural Ave. Given Council

During councilmanic session today at the city building the council opened and had read to them bids for 125 tons of amiesite to be used on Rural avenue. The bids were referred to the city engineer and purchasing agent for report and recommendation to council this afternoon.

Troops Massing As Battle Lines Approach Madrid

Greatest Mass Movement Of Spanish Troops Since Warfare Started

REPORT 2500 OF LOYALISTS SLAIN

Rebels Continue To Hold Ruins Of Alcazar Despite Attacks

By THOMAS A. LOAYZA
International News Service Staff Correspondent

MADRID, Sept. 21.—The greatest mass movement of troops in the civil war was under way today towards the vortex of the struggle, the Madrid-Toledo front, where in a week end of desperate fighting, according to Rebel claims, 2500 Loyalists were slain.

Reinforcements from all sectors were rushed to the army of Lieutenant Col. Yague as it slowly wrested kilometer after kilometer from the Madrid militiamen in a dual drive to take Madrid and lift the siege of the Alcazar in Toledo.

Call All Reserves

To stem the Rebel tide, the Madrid government issued a call for all reserves, and announced the Leftists are "taking the initiative on all fronts."

Another major rightist campaign was in progress in the north, with the insurgents claiming capture of eight villages in Santander province, while Loyalists bombarded Cordova and claimed an advance on the Guadalajara sector.

No One Authorized To Solicit Library Funds Outside City

A rumor has come to the board of trustees of the New Castle Free Public Library that someone is soliciting funds in certain parts of Lawrence county for a "county library."

The library board is asking for contributions from New Castle citizens in order that the old post office building may be purchased for the city library but has authorized no one to solicit in the county, and is making no efforts outside the city whatsoever.

Too Busy To Serve As Jurors At Court

Rush of fall work was given as an excuse by most of the jurors who asked to be excused at the opening of the September term of court this morning.

Those excused were Norman Cracroft, Mahoning township; Charles Fox, Perry township; William Jones, Taylor township; John W. Knox, third ward; James Nelson, Washington township; Clara Rodgers, second ward; Edward Trubis, Shenango township; Jesse Umstead, Neshaunock township; Ira P. Old King Baseball totters slightly as the season nears its close, just a few more days of glory and the bats and leather goes to the shelf to spend the winter, while the other sports parade, down the path of fleeting glory to the always waiting shade, where the ghosts of other seasons sit around and spin their tales of the records on the diamond, on the court and under sails. Just a little while for baseball, just the series left to play, and the king goes into hiding, weathers seventy eight today.

TO PROBE STATE CHARGES

To Investigate Coercion Charges

Republicans To Present Evidence In Alleged W. P. A. Conditions

SENATE TO MAKE INQUIRY NEXT WEEK

(International News Service) WASHINGTON, Sept. 21.—Republican political leaders, hoping to prove that giant federal relief agencies are being used to reelect President Roosevelt, today planned to lay evidence of alleged coercion of WPA workers in Pennsylvania before the senate campaign fund committee.

Having won from Senator Loneragan (D) of Connecticut, chairman, a promise to present the Pennsylvania situation before the committee a week from today, the Republicans planned to demand open public hearings to explore their charges.

Specific charges of the use of WPA workers in Pennsylvania by Democratic politicians already have been laid before the committee.

Politics In Relief

An unidentified Philadelphia lawyer, who made a personal investigation of the conduct of the huge relief agency in Pennsylvania, has given committee agents evidence which, he maintains, shows clearly that Democratic politicians have been injected into relief.

A preliminary investigation of the Pennsylvania charges will be made next Monday. Demands will be made at that time for open, public hearings.

The committee, which includes Senators Minton (D) of Indiana, Schwellenbach (D) of Washington, Frazier (R) of North Dakota, and Austin (R) of Vermont, agreed to inquire into the Pennsylvania situation on the basis of a letter from Senator Davis (R) of that state.

FURTHER DOMINATION IN CHINA BY JAPAN SEEN IN LATEST MOVE

ize a special landing party to reinforce the third fleet (already in Chinese waters).

"Since the Nanking government lacks sincerity and since the Chinese authorities are likely to refuse to accept all Japan's demands in connection with past incidents, Japan's naval authorities deem that resort to measures of self-defense is inevitable."

Possibility that the Japanese army in Formosa, off the coast of south China, will be utilized was seen in foreign diplomatic quarters, where the fact that Japan "means business" was seen in the navy department's consultation with the foreign office after the emperor's decree.

Marines and gunboats, it is therefore believed, will be sent to the three principal points of disturbance. Hankow, important river port where there are a large number of Americans; Pakhoi, adjoining rebellious Kwangsi Province, and Chengtu, North China.

A flotilla of destroyers already lies off Pakhoi, where the Chinese nineteenth route army has refused to permit a committee to land and investigate the assassination there of a Japanese druggist.

LANDON WILL SPEAK IN FARM BELT CITIES

don for his record of "academic freedom and religious liberty." Warburg said, in declaring his support of Landon:

For Opportunity of Individual. "Governor Landon's stand for opportunity of the individual, academic freedom and religious liberty, as expressed in his recent speeches and in his record, is in accordance with the best traditions of American democracy."

"Governor Landon's emphasis in his recent speeches on economy in government and efficient operation of relief while at the same time

stressing the necessity that no man or woman could starve, is, in my opinion, the proper approach to the problems that today beset us.

"His emphasis on more employment for labor and fair treatment of business is the only safe basis for recovery, for we must have an expansion of present enterprises and new businesses must be encouraged. "For these reasons I intend to vote for Governor Landon."

The Warburg statement will be circulated widely to offset a whispering campaign.

To Answer School Charges.

The Republicans also will answer a charge that Landon is responsible for the closing of Kansas schools. Data already is being gathered to prove Kansas spends a high percentage of its income on education and that its illiteracy average is low, as compared to other states.

Landon actually has little control over the schools. Under the state constitution as in many other states the schools are managed and controlled locally.

At Des Moines, incidentally, he will be introduced by Miss Agnes Samuelson, Iowa state director of education and a leader in the National Educational association. On prohibition, the Republican high command will circulate Landon's statement on the issue, made in a radio interview before his nomination. Then, he said:

"The people rendered an overwhelming verdict that the (liquor) question should be returned to the various states for such decision as their citizenry wished. I accept that verdict." It will be pointed out that he has no desire to change the national liquor situation, and that while he observes the dry laws of dry states, he is not personally adverse to "taking his glass of beer" where it is lawful.

Plan More Rigid Test For Learners

Auto Driving Examinations To Be Held Here Tuesday

Owing to the number of accidents in the state of Pennsylvania, it is reported that tests for persons with learner's permits will become more strict. During the past several Tuesdays at examinations in Sampson street, the highway patrol examiners have been "bearing down" according to observers.

The examinations here Tuesday will start at 10 a. m. and end at 3 p. m. Persons who expect to take the test should be accompanied by a licensed driver, possess their learner's permit and also the owner's card for the auto which they will drive. The licensed driver also must have his card with him.

LEGION HOST IS ASSEMBLED IN CLEVELAND

(Continued From Page One)

tims of the War: Governor Martin L. Davey of Ohio; Mayor Harold H. Burton; David S. Ingalls, who was assistant secretary of the navy during the Hoover administration, and Milt D. Campbell, commander of the Legion's Ohio department.

There are two major resolutions which will be adopted when the convention settles down to the work of drafting a Legion program, and of them there seems no dissension at all. They are a demand for liberalization of widows and orphans pensions, many of which will expire this year unless extended, and a call for adequate national defense and neutrality legislation.

Kansan Likely Winner

Cleveland, Sept. 21.—A Topeka, Kansas, lawyer and native of Pennsylvania, 46-year-old Harry W. Colmery, will probably be the next national commander of the American Legion, and the 1937 convention of the Legion will in all probability be held in New York City.

There are five avowed candidates for the Legion command, but even the rank and file of veterans here concede that Colmery has it "in the bag."

As for the next convention, Los Angeles is putting up a real fight, but seems to be outvoted by advocates of a New York City convention.

Young Republicans Are In Session At Harrisburg Today

(International News Service)

HARRISBURG, Sept. 21.—Interest in their deliberations heightened by the presidential campaign, Young Republicans of Pennsylvania were to meet here today for their biennial reorganization and election of officers.

While two candidates were in the field for the chairmanship now held by John Y. Wills, Duncannon, GOP organization leaders, it was reliably reported, have endorsed Allison Wade, Warren attorney, for Wills' post. Wills is not seeking re-election.

The group's nominating committee, which meets this morning, will choose between Wade and Frank C. Hilton of Wyomissing, Berks county, the other announced candidate. The committee's choice will be voted upon following a noon luncheon of Young Republican delegates.

Miss Durham To Speak

Principal speaker at the luncheon will be Miss Hannah Durham, Allentown, member of the executive committee of the Republican state committee. State Republican M. Harvey Taylor, Miss S. M. R. O'Hara, Williamsport, of the state committee, and Mrs. Worthington Scranton, national committeewoman, also were to speak.

In addition to Wills, the posts of five vice chairmen, Howard Jarvis, Philadelphia; A. Henry Case, Troy; Mrs. Henry H. Lucious, Conneville; Miss Helen Clegg, Everett; and Mrs. Mary Fisher Brown, Haverford, are to be filled.

Other present officers elected in 1934 are Morley W. Baker, Harrisburg, general secretary; Mrs. George W. Ormrod, Allentown, recording secretary; Daniel B. Strickler, Lancaster, treasurer, and Mrs. L. A. Long, Muncy, assistant treasurer.

COMMITTEE TO STUDY CROP INSURANCE PLAN

youngest son, John, will be on hand at Hyde Park today for Mrs. Sarah Delano Roosevelt's birthday party. Wednesday Mrs. Boettiger will journey down to Washington and return with her mother the following day. Dr. McIntire thought the First Lady would be able to travel after spending one or two days in her room.

Study Crop Insurance

Secretary of Agriculture Wallace was named chairman of the committee to study a form of crop insurance that would contribute: "First, protection of the individual farmer's income against the hazards of crop failure or price collapse; second, protection of the sumers against shortages of food supplies; and against extremes of prices; and third, assistance to both business and employment through providing an even flow of farm supplies and the establishing of stability in farm buying power."

In designating the committee Mr. Roosevelt suggested that "it may be found wise for the first year to limit the application of the plan to one or two major crops for a start." Rural Electrification Administrator Morris L. Cooke was asked to head up the long-range committee that would take over permanently the preliminary work done by the emergency great plains drought committee. Cooke had been chairman of the latter.

The president asked Cooke's committee to report not later than January 1 "on a long term program for the efficient utilization of the resources of the great plains area."

Anniversary Event

Hyde Park, N. Y., Sept. 21.—President Roosevelt arrived here this morning and motored immediately to his family estate on the Hudson for an anniversary breakfast with his mother.

Today was the eighty-second birthday of Mrs. Sarah Delano Roosevelt. This evening, at dinner, there was to be a more formal celebration of the event, with Mrs. Anna Roosevelt Boettiger and John Roosevelt, only daughter and youngest son of the president, present along with a few intimate friends of the family.

It was anticipated during the day that the president would announce appointment of at least a temporary majority working personnel of the new maritime commission. There has been much pressure from shipping circles to get this agency started in that an act of the last congress set it up to handle direct subsidies in the place of ocean mail subsidies and also act generally as the I. C. C. of the American Merchant Marine.

Advance reports were that Mr. Roosevelt would name three high ranking officers from the military establishment to start the important work of the commission. Eventually five must be appointed in all but it was understood permanent appointments would be made after election.

TROOPS MASSING AS BATTLE LINES APPROACH MADRID

(Continued From Page One)

the Toledo front, but their troops are better trained, and many of the reinforcements are regular soldiers from the north. While the army of Lieut.-Col. Yague stages the main offensive here, streaming up the valleys of the Aljarafe and Tagus rivers, the southern wing of Gen. Emilio Mola's army in the Avila-Guarrama mountain sector will menace Madrid from the north and west.

Progress Slow

With progress west of Toledo slow, no success was in sight for the estimated 1300 survivors in the Alcazar, where almost hourly fresh scenes of astounding heroism are enacted.

Outstanding among the figures in the Alcazar epic is the man who gave his own life to save his comrades, including score of women and children, from a horrible death in the flames of gasoline.

From a tank containing thousands of gallons, Loyalists tried to deluge the Alcazar ruins with gasoline through a fire hose. They turned the incendiary stream on a Rebel post in the ancient fortress, the gasoline turning into an arc of flame as soon as it hit.

Suddenly through the fire and the hail of bullets that protected the flame-throwers, a Rebel burst forward, seized the hose, and turned the deadly jet towards the government lines.

He fell in a few seconds before machine-gun bullets, but not before the Loyalists had fled, their clothes aflame, and the Alcazar garison was saved again.

Rightist Troops Move

HENDAYE, Sept. 21.—Spanish rightist troops moved northwards today towards Santander and Bilbao in a wide encircling movement from Burgos as Gen. Emilio Mola delivered an ultimatum to the inhabitants to surrender before Friday.

Insurgent radio stations at Burgos, Seville, and Rabat claimed that eight villages were occupied in Santander province, while another Mollista column occupied Gredos and San Claudio, 12 miles from Oviedo, besieged Rebel city.

Following an aerial bombardment of Bilbao, where the government position was described as "desperate," Gen. Mola broadcast a promise of "forgiveness and protection to every Madrid supporter who surrenders with his arms before Friday."

Gen. Mola expected, however, "Red leaders and others responsible for common crimes."

ASKS PIPE BIDS

During council meeting held in the city building today authority was issued to the city clerk to take bids for sewer pipe for projects in Reynolds street and Cascade Park.

Deaths of the Day

Mrs. H. T. Amberson Funeral. Funeral services were conducted for Mrs. Harry T. Amberson, of Culbertson Place, on Saturday afternoon at 2 o'clock from the home of her daughter, Mrs. J. E. Fisher, 320 Shaw street.

Several touching song selections added to the impressiveness of the services. A large gathering of friends attended, and the floral offerings were very beautiful.

Palbearers were David and Robert Campbell, of Sharpville, William Smith, Samuel McCormick, William Crabill and J. E. Fisher, of New Castle. Interment was made in Graceland cemetery.

Dorothy McCombs Funeral Time.

Funeral mass for Miss Dorothy Agnes McCombs, of 301 Hillcrest avenue, will be celebrated at St. Joseph's church Tuesday morning at 9:30 o'clock, and burial will be in the church cemetery.

Miss Theresa Pandolfo

Miss Theresa Pandolfo, aged 18 years, died on Sunday morning at 4:30 o'clock in her home, New Castle R. D. 4, Harlansburg road, after five weeks of illness.

She was born in New Castle on April 25, 1918, daughter of Carmelo and Rosie Crisci Pandolfo, and had always lived in this vicinity.

Surviving are her parents, one sister, Mary, and two brothers, Angelo and Frank.

Funeral services will be conducted at 2:30 o'clock Wednesday afternoon in the First Pentecostal church, Pearson street, where she was a member, with the pastor, Rev. Boston W. Turner in charge, assisted by Rev. Frank Maruso, pastor of the Italian Christian church.

Samuel Seh Funeral

In the presence of a large gathering of friends funeral services for Samuel P. Seh, of New Castle R. D. 4, were conducted Sunday afternoon at 2:30 o'clock in the Jos. B. Leyde mortuary, Rev. George Burke, pastor of the Coalton Free Methodist church, officiated.

Mrs. Mary Burke and Miss Sarah Druschel sang two beautiful numbers, "Nearer My God to Thee," and "Sometime We'll Understand." Pallbearers were Joseph Fobes, George Fobes, Plummer Fobes, Fred Llewellyn, Fred Murray and Fred Seh. Interment was made in Castle View Burial Park.

Mrs. Ruholph Onasch

Mrs. Ethel Onasch, aged 36 years, wife of Rudolph Onasch, of 1208 State street, died in the Jameson Memorial hospital at 9:15 a. m. today, after a short illness.

She leaves her husband, three daughters, Dorothy, Donna Jo and Anne; one son, William; her father and step-mother, Mr. and Mrs. William Gwin, and three brothers, Loyall, Guy and Kenneth Gwin, this city. Her mother, Anna M. Fuller-Gwin, preceded her in death.

Mrs. Onasch was a member of the First United Presbyterian church and funeral services are to be conducted there on Wednesday afternoon at 2 o'clock with Dr. S. E. Irvine, the pastor, in charge.

David White Wilson

David White Wilson, aged 66 years, died suddenly at 1 a. m. Sunday at his home on Thornton avenue, Youngstown, O., according to word received in New Castle where Mr. Wilson formerly resided.

He leaves his wife, Adella Jane Patterson, two daughters, Mrs. Henry A. Bechtel and Mrs. Kenneth E. Curtis and four grandchildren, all of Sandusky, O., and one brother, Sibel Wilson, of Union township. He lived for many years on the Youngstown road near here and was engaged in the tinning business. He was born in 1869 at Slippery Rock, son of Thomas and Mary White Wilson.

Funeral services will be conducted at 2 p. m. Tuesday in the Shriver and Allison funeral home, Youngstown, and interment will be made at about 4 o'clock in Oak Park cemetery, New Castle.

CITY WILL PAVE SCHOOL STREETS

(Continued From Page One)

city about \$1,800, of which the city will pay \$1,600 for such paving in program C, which includes:

Park avenue, from the end of the present paving to North Mercer street.

Friendship street, between Pollock avenue and South Mill street.

Reynolds street between Scioto street and Pollock avenue.

Edison avenue between North Mercer and Blaine streets.

Laurel avenue between Wilmington and Highland avenues.

Falls street between Elm and Shephard streets.

According to the city engineer's estimate of cost of the program C paving, the sponsor's (city) share will be \$40,932.33 and federal government's share, \$207,977.96.

Throop explained to council that program B of paving has not yet been approved at Harrisburg. He said that he does not expect either B or C programs to be completed this fall or winter. However, he does anticipate W. P. A. approval.

In connection with the discussion it was explained that included in the B program is the proposed paving of Albert street from the end of the present paving to Fairfield avenue.

This would leave one block unpaved. However, during the councilmanic proceedings it developed that should council so desire, the body can pass a force ordinance providing for paving of the block between Fairfield and Englewood avenues.

Card Of Thanks

We wish to thank our friends and neighbors for kindness shown during the illness and death of our husband and father, John Ryan. Also for floral tribute and cars donated.

Schill Speaks To Rotary Club

Tells Members What Growing Boys Need For Inspiration In Adolescent Stage

Denny Schill, former athletic director of the Ellwood City high school, and secretary of the Ellwood City Chamber of Commerce, gave an interesting talk on boys at the weekly luncheon meeting of the Rotary club in The Castleton at noon today.

Mr. Schill gave the context of an article which won a national prize on "What Your Boy Needs When He Begins To Feel Like A Man," and interviewed four boys from the city schools, questioning them as to their ambitions in life. The talk was one of extreme interest.

Percy MacNab, of Los Angeles Calif., was the only visitor at today's meeting.

Farewell Sermon Given At Bethel

Rev. William McPherson preached his farewell sermon Sunday evening at Bethel A. M. E. church, and at the close there was a testimonial meeting in which many spoke of the good work done by the pastor during the past five years.

FAITH

MANY CHANGES - - -

As we look around us we see many changes in many different things in the last 15 or 20 years, but we think the funeral directors have made a greater advance than a great many other organizations in the service that they offer to the public. Not many years ago there were horse drawn vehicles, small offices, very seldom any caskets kept in stock, nearly all purchased from catalogues, no grass or tents and a great many other things that we could mention. Today, with our wonderful motorized equipment, large beautiful funeral establishments, (nearly every funeral director showing a few caskets) with tents, lowering devices and so forth, has meant quite a change to help reduce the sufferings of those who are in trouble.

This community is also blessed with a large wholesale funeral supply show room, in which there is kept at all times 35 to 40 caskets on display, from the very ordinary to the most elaborate caskets that are manufactured today. This show room is open to all funeral directors where people may select their casket and not be confined to a small number. This show room is always open to the public regardless of who their funeral director might be, where courteous attendants are always willing to explain the different kinds and different makes of caskets. Not every community is favored with such an enormous investment and display at its disposal. This wholesale house is at 316 East North Street, City.

SHARON WEDDING OF INTEREST LOCALLY

Of interest locally, is the wedding ceremony that took place Saturday morning at 7 o'clock in the Oakland Avenue M. E. church in Sharon, when Miss Martha Clark, daughter of Mr. and Mrs. R. L. Clark of Stomach Avenue, became the bride of Charles Brown, son of Mr. and Mrs. Charles W. Brown, of Hill street, Sharon, and formerly of New Castle. Rev. J. A. Cousins, pastor, officiated in the presence of the immediate families of the couple.

The bride was attired in a smart moss green full suit, beaver trimmed, and a shoulder corsage of gardenias.

The couple departed on a short wedding trip immediately afterwards, and upon their return will take up residence in a newly furnished home in Wayne place, of that vicinity.

Mrs. Brown is a graduate of Sharon high and attended Shenango Valley Commercial Institute, and has been associated in the offices of the Sharon store. Mr. Brown, a graduate of New Castle high school and Westminster college, attended Geneva college. He is affiliated with the shipping department of the National Malleable and Steel Castings Co.

WESONO MEMBERS HONOR BIRTHDAY

Wesono club members, were delightfully entertained Friday evening at the home of Katherine Hannon on Mahoning road, the occasion honoring Cordelia Edgington, it being her birthday anniversary.

Bridge held sway, Helen and Stella Malloy each receiving top score trophies, and the traveling award went to Miss Edgington. Upon being invited to the dining room, the guests were seated at a table attractively appointed in tones of pink and green, this theme being used in every detail, including glassware. A large birthday cake aglow with pink candles, formed the centerpiece. In serving a delicious repast, the hostess was assisted by her mother, Mrs. Richard Hannon and sister Mary Margaret Hannon.

Lovely gifts were presented to Miss Edgington, as remembrances in behalf of the club. Miss Helen Malloy will have their next regular meeting at her residence on Leasure Avenue the date to be announced.

TOM ARMSTRONG AND BRIDE ARE HONORED

Among the past weeks leading social events, was the informal party given at the residence of Mr. and Mrs. Clarence Armstrong at 500 Neshannock boulevard Saturday evening, honoring their son and new daughter-in-law, Mr. and Mrs. Thomas Armstrong, the latter, nee Twila Nixon.

Bingo proved an enjoyable diversion, prizes being awarded the various winners. Afterwards the hostess served a tempting repast, with Mrs. Rena Gardner, Ethel and Dana Armstrong and Elizabeth Pennick, assisting. Appointments were in keeping with the occasion.

When the evening had reached its height, the honored couple was presented with a collection of many handsome gifts, to use in their home.

Relatives were in attendance from Pittsburgh, Warren, O., Grove City, Leesburg and Volant.

SEWING WEDNESDAY AT JAMESON HOSPITAL

Sewing will be continued this week at Jameson Memorial hospital it is announced today, with Gowanda club women presiding as the hostess group. The same hours 9 until 12 o'clock will be observed and it is urged that other women will participate at this meeting.

Transportation will be provided women not having any means of getting to and from the institution on this date, by calling Mrs. James D. Crawford, chairman. A cordial invitation is extended all women in- on Wednesday in the Solarium of the Jameson Memorial, and it is hoped many will respond.

CURRENT EVENTS '06 CASSEROLE LUNCHEON

Current Events '06 will launch its fall and winter program with a casserole luncheon at one o'clock Monday, September 28. The affair will be held in the home of Mrs. Thomas Nesbitt, at Walmo.

In charge of arrangements are the social committee: Mrs. E. H. McNeese, Mrs. S. R. Wilkins, Mrs. Clyde Saunders and Mrs. W. E. McKee and the transportation committee, Mrs. E. A. Cook and Mrs. J. R. Lutton whom the members will contact if they desire conveyance.

CHRISTMAN-COX MARRIAGE TOLD

Mr. and Mrs. Edward J. Cox will go to housekeeping in the near future, and will be at home to their many friends after October 1.

Mrs. Cox is the former Mary (Bonnie) Christman, daughter of Mr. and Mrs. Herbert S. Christman, of 1303 Albert street. Her husband is the son of Mr. and Mrs. S. D. Cox, of Mahoningtown and Erie, Pa.

Their marriage took place at Ripley, N. Y., September 3, 1935, with the Rev. H. H. Nicholson, pastor of the Presbyterian church of officiating. The young couple was unattended.

Mrs. Cox is a graduate of the New Castle high school, class of 1931, and attended State Teachers College at Lock Haven, Pa., where she took a course in kindergarten supervision. She has been prominent in Girl Scout activities and is one of New Castle's most attractive and popular young women.

Mr. Cox was graduated from the local high school in 1930. He is now identified with the Sears-Roebuck Company. Like his bride, he has a wide acquaintance in this vicinity, with scores of friends extending congratulations to him and best wishes to her.

HADASSAH WOMEN AT REGIONAL CONFERENCE

Mrs. Jack Kulkin, Mrs. Leonard Groden and Mrs. L. F. Kohn represented New Castle chapter Hadassah at the regional conference Sunday, at the Y. M. and W. H. A. in Pittsburgh, which was attended by over a hundred delegates from Western Pennsylvania and Eastern Ohio.

Mrs. Kohn reported for the local chapter at the afternoon session which was featured by reports from the various organizations. She also served on the nominating committee with Mrs. Julius Cohen, of Pittsburgh, chairman.

The election resulted in the selection of Mrs. Harry Richman, of Washington, Pa., for the new president, and Mrs. Charles Gessner, also of Washington, (the former Mollie Frank of New Castle), corresponding secretary.

At the noon luncheon, greetings were extended by Mrs. Maurice Davis, president of the Pittsburgh conference of Jewish women's organizations; Miss Miriam Stone, Pittsburgh, president of Junior Hadassah unit; and Miss Sally Harris, president of Jewish Hadassah units of this entire region.

Mrs. J. M. Hurwitz, of Pittsburgh, retiring president, presided at the conference.

EUGENE RIGBY IS HONORED AT PARTY

Mrs. Alex Rigby of Court street, entertained a gathering of youngsters in her home Saturday afternoon, honoring the fifth birthday anniversary of her son, Eugene. Contests and games occupied the time from 2 until 4 o'clock, with prizes going to Junior Palmer, Dorance and Durward Newhard. Approximately twenty were in attendance.

A tempting lunch, buffet style, was another pleasure of the afternoon, and the dining room table was centered with a large birthday cake, lighted with five candles.

Master Rigby received a number of nice gifts, as reminders of the day.

MARY RUHA WEDS F. PAUL VALIENSI

In St. Mary's rectory Sunday at noon, the marriage of Miss Mary Ruha, daughter of Mr. and Mrs. Eli Ruha, of 824 Harrison street, to F. Paul Valiensi, son of Mr. and Mrs. F. J. Valiensi of 1808 Wilson Avenue, was solemnized.

Rev. Father Leo Waterson officiated in the presence of the young couple's two attendants, Miss Ann Chail and William Coyne, both of this city.

The bride was attired in a new shade of green ensemble with brown accessories, and her flowers were Talisman roses. Her attendant wore an all black outfit with a corsage of gardenias.

A wedding dinner was served in the Valiensi home afterwards, with covers being laid for the immediate families. Last night, the newlyweds left for East Liverpool, O. where they will take up housekeeping in a newly furnished apartment, on Penn Avenue.

Both young people are graduates of the New Castle high school. The bride has been identified for several years with the F. W. Woolworth company here, and the groom is employed with the Grand Union Tea company, in East Liverpool.

CASSEROLE DINNER THURSDAY EVENT

Casserole dinner event planned jointly by members of the M. W. McClelland and O. C. Orr classes of the Reformed Presbyterian church for Tuesday evening of this week, has been postponed until Thursday evening, September 24.

The affair will be held in the home of C. E. Tindal on Spruce street, and it is anticipated that the usual large number of people in both the men's class, which is taught by Mr. McLelland, and the women's group taught by Mrs. Jennie Foster, will attend. Mrs. Ella Jenkins is president of the women's class.

EIGHTH BIRTHDAY OBSERVED SATURDAY

Saturday afternoon from 2 until 4 o'clock, Mrs. J. J. Evans entertained in her home at 514 Windward Avenue, a group of twenty-four young folks in honor of her daughter, Jean Louise, the occasion marking her eighth birthday anniversary.

The group composed of the honored guest's playmates in the neighborhood and classmates at school. Games of various types provided amusement with Billy Hamill and Helen Marie Hall receiving the prizes. Directing this feature were Jean Allen and Jane Brown.

Following the games, a delicious repast, the table and menu appointments being cleverly carried out in rainbow effect. Unique "rainbow" baskets containing candies and nuts, and novelty paper hats displaying miniature rainbows in all its bright colors, marked each place as favors. Mrs. Evans was aided in serving by Mrs. Ida Brackenmeyer, Mrs. Frank Hall and Mrs. John Cole.

The guest of honor received a collection of lovely presents in remembrance of the day.

Torsan-Nation

Miss Sadie Torsan, daughter of Mr. and Mrs. George Torsan, of 1202 Pollock Avenue, and Peter Nation, son of Mr. and Mrs. E. Nation, of 3511 Fairview Avenue, Detroit, Mich., were united in marriage Saturday, September 12, in the Second U. P. church. Rev. C. K. McGeorge officiated.

For her wedding the bride wore a stunning gown with green accessories and a shoulder corsage. Mr. and Mrs. Lucas, of Akron, were attendants. Mr. and Mrs. Nation are making their home in Detroit, Mich.

J. O. Y. Class Dinner

An even dozen members of the J. O. Y. class of the First Baptist church, of which Mrs. Charles T. Metzler is the teacher, enjoyed a twelve dinner Friday evening at the home of Mrs. Mable McCartney, on the Mt. Jackson road.

The table was attractive with a centerpiece of fall flowers and an elegant menu was served. Afterward the group outlined plans for the fall work and played games to make the evening an enjoyable one.

Return From Cochran

Mrs. C. P. Flannery of North Mercer street and Mrs. Frank Mansfield of Marshall Avenue, have returned to their homes after spending several days with relatives and friends at Cochran, Pa. While there, the local women attended the Cochran Community fair.

LOSS OF THE POURQUOI-PAS

IT WAS a tragically ironic circumstance that Jean Baptiste Charcot, distinguished French explorer and scientist, should meet death after thirty years among Arctic perils on what was to have been his last voyage and near a friendly harbor whose surroundings he knew like an open book.

The sinking of the Pourquoi-Pas in a howling gale off the western coast of Iceland, with only one survivor among the ship's company of thirty-three men, is one of the great disasters of Arctic exploration and one to bring deep grief to the hearts of the French people.

Dr. Charcot was a truly great figure in the world of Arctic exploration. He was the discoverer of new lands in both the Arctic and the Antarctic, and in recent years has revealed the existence of vast tracts of unmapped land in Greenland. At sixty-nine, the oldest among polar explorers, he was still tireless, indomitable and insatiable in his quest for new lands and new experiences.

Dr. Charcot had announced his intention of retiring at the end of this last trip, but similar decisions had been reached in the past, always to be deferred in order that a new call to distant places might be answered. He was known as the "French Amundsen." Like the Norseman, he has been claimed by the dangers which he regarded so lightly.

BIRTHS IN NEW YORK

In advance of the final figures for 1936, statisticians of New York's health department forecast a new "low" for births in the big city, not only in terms of percentages but in actual number of babies born in the twelve-month period. Unless the stark gets very busy before the New Year, there will be fewer births recorded in New York than in any year since 1890, though the city is about three times as large as it was then.

The total for the year will be about 100,000. The top was 141,546, in 1917, and the annual birthday list has been steadily declining ever since.

One possible explanation, aside from the ordinary causes of a decreasing birth rate, is that New York is much less of a residential and family city than it used to be. Of those now living in New York, moreover, comparatively few were born there. Perhaps the figures for the present year merely prove that there are better places to be born.

A SEATLESS, SALARIED SENATOR

Guy Howard of Minnesota is not exactly running for United States senator this year. He is merely strolling, or if he chose he might sit in an armchair from now until November 3 with certainty of election. After he had filed as a candidate to fill the unexpired term of the late Senator Schall it was discovered that he was alone in this particular race—something like Herr Hitler. The other nominations were for the full six-year term from January 3.

After the November election Mr. Howard will have just two months to "serve." Since there is little likelihood of a special session, his most arduous task will be to draw his pay, amounting to \$1666.66 relates the Philadelphia Inquirer. But, like the fireman, he will be ready to respond to the call of duty. His term will end at noon on January 3. Since that date falls on Sunday, congress will not assemble until two days later. Consequently Mr. Howard will not have a chance to occupy his senatorial seat for a moment.

Senator Norris' "lame duck" amendment is responsible for this Gilbertian situation. Under the old scheme Mr. Howard would have taken office in December and served until March 4. But for the rest of his life he will be called Senator Howard and that little instalment of unearned salary is not to be despised. It would seem that the least he can do is to send a box of cigars to Mr. Norris—and not campaign cigars.

HERE'S REAL COMEBACK

During depression years business men looked toward inventive science for some new thing to give a fillip to industrial production. Remembering the rise of the automobile, radio and electrical refrigeration, industry turned its attention toward such novelties as air-conditioning, streamlining of transportation units, fabricated steel houses and television. Each has been productive of new business.

Meanwhile an old and nearly neglected item of manufacture, the bicycle, has scored a spectacular comeback. The Bureau of the Census reports production of 639,439 bicycles in the United States last year with an aggregate value of \$11,731,313. These totals were roughly double the figures for 1933, the preceding census year.

Most comparisons to measure recovery are made with 1929, a peak year, but in the bicycle trade the greatest activity was three decades earlier. Not since 1899 have last year's totals been exceeded. In that earlier year the output was 1,182,691 bicycles valued at \$23,656,489. This number and 49 per cent in value. With the popularity of the fad apparently on the increase this year, a further move toward the 1899 level the figures for last year were only 54 per cent of the earlier peak in seems inevitable.

A Frenchman Sees Texas.
Thrilled By Exposition.
How Frogs Are Born.
Bungling Gangsters.

By ARTHUR BRISBANE

MR. PIERRE LAMURE, French journalist, who went to study Dallas' exposition and the rest of Texas, concluded his observations: Some of them may interest you, as showing how a man from one nation may look at another. The quotations that follow are somewhat literal. Of Texas, he observes, "in passing" that "his petroleum, his cotton, his cattle, his sulphur, his helium, his money, his roses, his vast territory would be a wonderful thing for France now, if France had known enough to keep it, after having known how to conquer it."

He must know that Stephen Austin, "little peddler from Missouri" arrived in 1821, obtained from the Mexican government immense concessions, brought in American workers and soon there were more than twenty thousand Yankee peasants in Texas, as against three thousands Mexicans.

The Mexican government became worried, raised its shoulders, the Yankee peasant only replied with shots, they decided to separate Texas from Mexico, led by William Travis, school teacher, who came to Texas "to get as far away as possible from his wife." This historian of Texas, much impressed by the battle of the Alamo, tells, "France that Travis, with one hundred and twenty men, held off for eleven days a Mexican army of six thousand men, then died to the last man."

Then Sam Houston heard about that, he and his exasperated hordes descended like the wrath of Providence upon the poor Mexicans. That happened at San Jacinto. The Mexican regulars were massacred. To make it short, the indignant Texans-Mexicans slaughtered as fast as they could, killed off the wounded and when the war was ended Sam Houston was made president of the Texas republic, which finally, common sense prevailing, joined the United States.

All Of Us

A CRAFTSMAN
I HAVE BEEN watching a man work... For weeks I have watched as he did his job... And the longer I watched the greater my admiration for him grew.

He is a carpenter, this man, and I think he is happy in being one. In all his life he has probably never once put that thought into words. And I do not know him well enough to ask what he thinks of his job. But I know what he must think, because I have seen him sawing, planing, measuring, fitting, hammering and finishing his work.

I have observed the care with which he thinks out his problems before he lays his hand on a tool. I have observed the precision with which he goes about his work. I have examined the finished work again and again and found it perfect.

A man who works like that MUST love the job he is doing, or he couldn't do it so well.

And many a time, as I watched that man work I have thought to myself: Here is a craftsman. Here is one man who does what he should, does it well, making no mistakes, can have no regrets as he falls asleep at night.

I and I say to myself, too: I wish I could do my own job as well as he does. I wish I were half the craftsman that this man is: I wish I had as few excuses to make for my work as he has.

Looking at him, my heart lifts in praise of good craftsmanship. Not only craftsmanship in carpentry, but in all ways of living. In brick-laying, plumbing, ditching, iron working, plowing and sowing and reaping, housekeeping and adding up figures and buying and selling—for all manners of craftsmanship I stand in awe and admiration.

And for craftsmanship, too, in feeling and thinking and talking and getting along in this world with strangers, with acquaintances, with friends, with our own selves.

My friend the carpenter builds a house, but every man has his own life to build—with care and love and craftsmanship.

In her divorce claim a Pittsburgh lady claims in a tussle with her husband for the possession of a shot gun, it went off and struck the floor near where the baby was sitting. A shot gun is not a good thing to tussle about in a family at least where little innocent children are around.

If all that is keeping Euclid avenue from being paved and taking a million dollar school house out of the mud is a dispute between the school board and the city council, it's up to the citizens to take a hand. The taxpayers have to pay for it anyhow and we are pretty sure about all the taxpayers want to see Euclid avenue paved.

The same kind of a row was on when the Franklin Junior High school was built and finally Lutton street was paved and at the same time many folks wanted Cunningham avenue paved, but it was side tracked.

The writer of this column knows something about the paving of Lutton street because he happened to be mayor of New Castle at the time.

Uncle was questioning his young nephew about his school.

"Well, uncle," said the boy proudly, "I can tell you that if it wasn't for me my class wouldn't have any standing at all."

The boy raised his eyebrows.

"So I am," he replied. "And how could it stand if it didn't have a foot?"

Study Aims of Hitler
Russians Fear Attack
What Will Britain Do?

By LESLIE EICHEL

Central Press Staff Writer

WE ARE TOLD by a number of readers, yes, it is Soviet Russia at which Germany aims, not Great Britain and France.

It may be Napoleon was foolish enough to try it—merely to find when he straggled back that Britain and Prussia had him cornered. He had a hand in Spain, too, it will be recalled.

Great Britain, whether it desires to be or not, is the balance of power in Europe. It is unimpressed with Hitler's "religious" crusade against Communism. It is more concerned with the huge military machine that the Nazis are building. And it doesn't like the idea of a possible union of Germany, Italy and Japan, a combination that could play havoc with Britain's "life line."

Hitler's chief aim at the moment seems to be to separate Great Britain from France by shouting to Britain that France has an alliance with Communist Russia.

It is terrible to have to speak of "lineups"—but our guess is that Britain, with a host of small nations, will be lined up with France and the Soviet Union. And that probably will prevent war, for this group has approximately all the raw resources possessed by Europe.

YET—

On the other hand, we read what Sir Walter Citrine, back from Russia, tells the British Trades Union congress:

"The shadow of war hangs over Russia, and the belief that war will come. The Russians believe it will come from Germany."

"The Russians are trying to form an air force bigger than all the other powers' put together. What will be the result of that effort on the standard of life of the people?"

As a matter of fact, what will be the effect of the huge cost of armaments be on the standard of living in every country in Europe?

An inflation has been created, for the moment, by huge armament expenditures, but the well is running dry—then, deflation will re-begin.

That deflation probably will be worldwide. One always pays his debt in full at Mars.

OVER-SHOULDER
Has Fuhrer Hitler over-shouldered his cry to join in a crusade against communism?

Read this dispatch from Poland to the New York Times:

"Chancellor Adolf Hitler's Nuremberg utterances have produced a bad impression here (in Warsaw)."

Today's Yesterdays—Sept. 21, 19 B. C.—Publius Vergilius Maro, called Virgo, died at the age of 51, having earned immortality as the greatest of the Latin poets. Yet he was Celtic! Though he wrote history's most classic study of war, the Aeneid, he was never a soldier.

Sept. 21, 1729—Philip Embury was born in Ballyvaughan, Ireland of German parentage. He was a carpenter and occasional preacher when he immigrated to New York at 31 where five years later, moved by reproaches of Barbara Heck, sometimes called the "foundress of American Methodism," he became the first Methodist preacher in the United States.

The first Methodist church was built by Embury himself working as a carpenter. He never accepted a salary as minister, but always insisted upon earning his living in the trade Jesus was taught.

Sept. 21, 1877—A 400,000-ton rock floated out of Alexandria, Egypt, bound for London on one of history's strangest voyages. To move a 200-ton obelisk called "Cleopatra's Needle," though it was 1500 years old during the reign of the best known Cleopatra, an iron cylinder 93 feet long and 15 feet in diameter had been fitted around the obelisk and bilge keels, foremast, cabin, bridge, rudder and spar deck added. The great stone monument was literally sailed thousands of miles in a 122-day voyage.

Sept. 21 in State Histories: 1780—Maj. Gen. Benedict Arnold met Maj. John Andre and sold out to the British, thus establishing himself as the No. 1 U. S. traitor... 1874—The American Advertiser, first daily newspaper in the U. S., made its initial appearance, in Philadelphia... 1846—Battle of Monterey, Mexico, an American victory... 1897—The famous editorial "Is There a Santa Claus?" was first published, in Charles A. Dana's New York Sun. But this, the best remembered of all the Sun's contests, wasn't written by Dana.

It's True—You're wrong if you believe that severe poverty is the biggest factor in causing delinquency among children. Studies of the Welfare Council of New York City show that as many children from families with an income of \$50 a week or

more were on probation as there were from families with incomes of \$25 a week or less.

Tony Laurentis of Philadelphia ate without stopping, four pounds of spaghetti with cheese and tomato sauce, 12 roast spring chickens, two sirloin steaks, a pork roast, one gallon of wine and one gallon of beer!

S. H. Jones of Philadelphia reproves for stating that because Caesar invaded Britain "a language that stems 60 per cent from Latin; the Roman alphabet and calendar, and Christianity are the heritage of Americans today."

He says: "Any influence that Latin had on the English language must be traced to a much later date—the Norman conquest and the influence of the Roman church."

The writer sticks to the statement, but will not correct it. Prof. H. J. Leon of the department of classical languages, University of Texas, says so. Prof. Leon sets us right on other statements:

"Yours is one of the few newspaper columns which this busy professor has time to read regularly."

"You indicate that the Romans did not adopt the 12-month calendar until the Julian calendar. Since this calendar first went into effect in 45 B. C., it might be awkward to explain the numerous references to January and February which we find in the Roman literature long before that date. As a matter of fact, the 10-month year goes back to a prehistoric period, had 12 months, the first of which was March the spring month. As February was the last month, it was shorter than the others to make the year come out right, and to it were attached the intercalary days of leap years. Since the year began with March, September was the seventh month, and so on at its name. By 153 B. C. January 1 came to be the first of the year. The reason for the change is not known."

"The other day you indicated that the tradition that Cleopatra committed suicide by letting a snake bite her is false. You also left the impression that the story originated with Shakespeare. Whether the story was true or not, the contemporary Romans believed it. Horace's jubilant ode Nunc est bibendum, which was written when the news of Cleopatra's death reached Rome, refers to this as the manner of her death. Plutarch records the tradition, but expresses doubt. Modern historians are equally uncertain, but the conservative Lukber in his Reallexikon accepts it as a fact."

Yes, but it is possible that the legend started with an error made by Horace. Poets are notoriously inaccurate historians.

The World AND THE Mud Puddles

WHAT NEXT?

Life would be comparatively easy for firemen if all they had to do was put out fires. They have more fantastic experiences as unofficial trouble chasers for the Nation than merely fire-squelching could ever bring them.

They are called out to get cats down from the tops of telephone poles, to get small boys out of trees, and even to stop dog fights with their high pressure water throwers.

Last month in Oakland, California, the inhalator squad of the fire department stepped into a new role. It assisted at the birth of twins.

The tiny girl babies were finding it difficult to breathe. The firemen with their inhalators were summoned. They worked over the infants for a time, and soon everything was all well.

Civil War Vets In Convention

National G. A. R. Convention
Is Being Held In
Washington D. C.

(International News Service)
WASHINGTON, Sept. 21.—Meeting in national convention for perhaps the last time, blue-clad veterans of 1861 officially opened their seventeenth encampment today.

The lobby of the Mayflower hotel presented a colorful scene as the army of the republic, gathered for committee meetings or reminisced in groups over the days of Chickamauga, Cold Harbor and Chancellorsville.

Prepare For Parade
Having attended various memorial services yesterday the heroes of the Civil War today prepared for a meeting tonight at Constitution hall and the official parade, to be given Wednesday.

A note of sadness pervaded the sessions of the G. A. R. and the five auxiliaries which are also meeting here, because of the fact the Union veterans, whose average age is now 92, will never come together again for a national conclave. Unusual historical significance was therefore attached to the convention, since it will mark the end of 71 years of country-wide comradeship.

When the aged delegates return to their homes in every state, only scattered local meetings will remain to represent the spirit that saved the United States from disruption into two separate nations.

One Local Change.
Numerous changes in pastorates throughout the conference were revealed by the list compiled by the stationing committee. In New Castle, however, there was just one change. Rev. W. M. Aiken leaves the Dewey avenue church to go to Sharpville and is succeeded by Rev. J. R. Bartlebaugh from Sharon. Rev. Fred Smith stays at Arlington Avenue and Rev. George Burke stays at Coalton church, where they were assigned some months ago.

Reading of the appointments ended a busy day of business session in the morning, a memorial service at 2 p. m. honoring the late Rev. H. W. Mitchell at which high tributes were paid by Rev. R. R. Blews, retiring elder of New Castle and Erie districts, and Rev. A. J. Hill, new district elder, another business sitting at 2:30 p. m. during which reports from committees were received.

A worship service at 7:30 p. m. when Rev. Albert G. Crill of Buffalo, N. Y., delivered the sermon, and the final business session at 9 o'clock. Sunday, the final day of conference, was opened with a conference Love Feast at 9 a. m., and a sermon by Bishop L. R. Marston followed at 11 o'clock. In the afternoon several ministers were given formal ordinations and a missionary meeting was conducted.

At the missionary meeting Rev. Harry F. Johnson, general missionary secretary of the denomination, and Rev. and Mrs. H. H. Winslow, outgoing missionaries to China, were the speakers.

efforts will not proceed very far. In the first place, Hitler has never shown himself favorable to real land reform. Although his Ostiedlung ("colonization of the East") formed part of his early program, it has remained a dead letter. In 1932 Hitler formally assured the Junkers that the National Socialist party, once in office, would never touch their privileges, and thus obtained their support in his rise to power.

JUNKERS POWERFUL

The living age continues:

"Moreover, the magnates of heavy industry maintain a strong political alliance with the Junkers. Some possess large estates themselves—Krupp owns 5,000 hectares, von Borsig 5,000, von Siemens 2,500, etc. Finally, the Reichswehr has an interest in the status quo. Many of the high officers come from the Junker class. von Blomberg has an estate of 2,300 hectares. The Reichswehr strongly opposes any measures attacking private property and has even disapproved such orthodox Nazi activities as the expropriation of Jewish property. This alliance of landowners, army and industry would be a rather formidable obstacle for the National Socialists to storm.

"The Neue Weltbühne expects Dr. Ley's crusade to fail, but predicts that some window-dressing will cover its real lack of force. Now that the Protestant and Catholic churches are fighting a rather unsuccessful rear guard action with the government, confiscation of some of their large agricultural estates might not prove difficult. This would go far toward allaying the discontent of the masses with the rising cost of living."

THE DALLAS EXPOSITION, fills the French writer with admiration. A few automobile men and other American industrialists alone contributed five hundred and seventy-five thousand francs and with all that money, a great many things can be done.

"The exposition is a triumph." The Frenchman observes that it even includes a "reproduction of the Black Forest with bears, and a prehistoric jungle with dinosaurs."

NEW YORK'S Museum of Natural History prizes highly, several specimens of "Alytes obstetricans."

"These creatures are small frogs, and their name comes from the fact that the male frog plays the part of 'midwife' when the eggs are born, and from that moment he takes all the responsibility for the next frog generation while the mother hops off to a convenient puddle, all her worries ended.

The eggs are laid, "strung like beads," on tiny gelatinous strings. The frog father wraps these strings around his hind legs, goes to a cool, damp place and stays there for three weeks until the eggs are hatched. When the time is up, he drops them into the water, swims ashore and once more utters his "very sweet little call, like a tinkling bell" with which he calls his mate. This frog, like some other males, does not seem to know when he is well off.

ENGLAND is enjoying a little imitation gang-war; as with us, often, it is based on the quarrels of gamblers. Sixteen men were accused of attacking, beating and nearly killing Alfred Solomon and Mark Frater.

English gangsters are not yet proficient. They went to work in earnest, 16 against two, with "hatchets," hammers, bars of iron and knuckledusters but they did not succeed in killing anybody.

One solitary American professional "killer" with his normal supply of cocaine to deaden fear, would have made a complete job of it. The English will improve with practice.

IN NEW YORK, an insurance man killed himself by hanging, saying in his farewell note that he had decided to die "because I cannot meet my obligations." Another note asked his brother-in-law to take care of his son and daughter. They were the real "obligations" that apparently he forgot.

Suicide, based on a mind deranged is sad and excusable. Other suicides, represent cowardice when they injure others.

BOY SCOUT Activities

TROOP V-55 MEETING

On Thursday evening, Troop V-55 held their regular weekly meeting in the Trinity church. Following the opening exercises the boys were introduced to Joe Pearson who is now an assistant scoutmaster. Mr. Pearson formerly belonged to the troop.

After opening exercises and patrol corners, scouts Lewis, McConahy, Fink, and Pearson helped the boys in advance tests. Just before

closing exercises registration cards were given out. It was reported that next week a complete report be given as to the number of points each member has in the troop contest. The winner of this contest will be sent to the national jamboree in Washington, D. C. The meeting was dismissed by Robert McConahy.

Scribe, Richard McGough.

The members of the Boy Scout board of review will meet at 7:30 Tuesday evening, in the Boy Scout office in the Greer Building. All applicants for first and second class work will be examined at this time.

McGill School Pupils Have Flower Show

Many Awards Made For Exhibits At Annual Event

POSTERS INCLUDED IN EXHIBITION

The spacious auditorium of the Arthur McGill school was converted into "flower land" last week when the north hill school staged its annual flower show. Close to 600 persons witnessed the clever displays, attractively arranged on a number of tables.

The various displays of flowers, vegetables and novelties numbered close to 600. There were also a large number of artistically arranged fruit displays. Many of the students created various novelties out of fruits and vegetables.

The show was the biggest held at the school. Children from 6A class served as monitors. Nature room exhibit included flower and conservation posters made by children this year. LeVina Stewart, member of the faculty, was in charge.

Prizes were awarded to the following pupils:

THE WORLD-FAMOUS "COCONUT GROVE" IN LOS ANGELES. This famous restaurant of the Ambassador Hotel is a center for dining de luxe. Stars of stage and screen—California's gay society—parade by... famous faces everywhere. Camels are first choice at the Coconut Grove. Jimmy, the well-known *maitre d'hôtel* of the Coconut Grove, says: "People who are good judges of food are equally discriminating in their choice of a cigarette. Here they all seem to smoke Camels."

"CAMELS ALWAYS SET ME RIGHT," reports Sydney Jones, expert electrician, who likes to feel his digestion is going along smoothly. "Make my food taste better and help my digestion."

Smoking Camels with meals and after helps bring a sense of well-being

EATING is one of life's real pleasures. Camels make it more enjoyable! Smoking Camels speeds up the flow of digestive fluids... alkaline digestive fluids, which good digestion requires.

Mild, rich-tasting Camels are a refreshing stand-by the whole day through. Camels set you right! They never get on your nerves... tire your taste... or irritate your throat.

NATIONAL BOWLING CHAMP, Charlie Warren, says: "It's Camels for me. When I smoke Camels at mealtime and after, I have a great feeling of comfort. And I enjoy my meals more too."

On Court House Hill

Sheriff Edward D. Pritchard is looking for some boys who have been shooting at the gold ball on top of the court house flag pole with slingshots. The ball is a brass sphere one foot in diameter and gold plated. It could be easily damaged by stones thrown by a slingshot. The boys are also accused of breaking ten panes of glass in the county garage.

Robert L. Wallace, trustee of Ralph Gaston, has filed a scire facias for mortgage against Enoch Dangerfield, administrator in the estate of Eliza Dangerfield, and others. The mortgage, which covers property in the fifth ward, amounts to \$1,278, including costs.

According to Registration Clerk Thomas Edmunds, there is only one Communist registered in the city of New Castle. This man was originally registered as a Republican, but recently appeared at the registration office and changed his politics.

County commissioners are starting this week to make a survey of the Youngstown road from the end of the three-way traffic near the Scotland school to Parkstown corners, with the object in view of showing property owners how much of their land would be taken, if the three lanes are extended to Parkstown. Property owners have objected to

signing any releases as no one has been able to give them any idea where the proposed road line would be. The commissioners recently sent to the state highway department for blue prints and will take an engineer with them to explain the road line. The highway department is very anxious to have the three-way traffic lanes extended to Parkstown, and all that seems to be holding the project up is the right-of-way.

Letters of administration have been granted by Register and Recorder William R. Hanna as follows: Estate of John Ferney, New Castle, to Agnes Carroll. Estate of Samuel Wilkoff of Ellwood City to Anna S. Wilkoff. Estate of Dora McDevitt, late of Wayne township, to William E. McDevitt.

Owing to the large registration in the first precinct of the eighth, where 1005 voters have qualified, it looks as though there will be considerable trouble in taking care of the rush at the November election. It is probable that the county commissioners will have to provide extra booths, and maybe secure additional help for the election board. On the Republican side there are 340 men and 228 women, and on the Democratic, 269 men and 164 women.

Sealer of Weights and Measures J. M. Rae is giving considerable attention to heavy duty scales, which are used in weighing coal, now that the season for filling the coal bin has been ushered in. There has always been considerable trouble in testing these scales without the proper apparatus, but the state has recently provided the means in the

shape of two trucks carrying the necessary paraphernalia. Rae expects to have one of them here within a short time.

Pending settlements in prospect District Attorney Mont L. Alley has asked for the continuance of several cases which were to have come up at the present term of court. They are commonwealth against Charles Eppinger, surety of peace; James Butero, non-support; Adolph Nickraz, non-support, and Robert Quimby, non-support.

County officials are making arrangements for ceremonies to be held on September 28 when a U. S. flag will be run up for the first time on the new flag pole.

District Attorney Mont L. Alley has non-prossed cases against two defendants, who have been taken to Torrance hospital for treatment. They were William DeArment, charged with operating a motor vehicle without the consent of the owner, and John Marker, charged with felonious assault and battery.

Trial Opens For Two Truck Drivers

BEAVER, Pa., Sept. 21.—September term of criminal court opened today, and the first case

to be called for trial is that of W. Mason McCulloch and Alfred E. Brain, Detroit truck drivers. The two men were indicted on three counts of involuntary manslaughter in connection with the deaths of Mr. and Mrs. Bert M. Bromley and their son, Bertram, August 6, at the foot of the Fallston hill.

The state charges the truck driven by the two men collided with a car driven by Bromley. The Bromley car was upset and Mrs. Bromley and son were burned to death in an explosion of the gasoline tank. Bromley died the following day from burns. A daughter was injured but recovered.

Racketeer Is Shot To Death

Examine Highball Glasses For Fingerprints Of Men Implicated In Murder

(International News Service)
NEW YORK, Sept. 21—Police today were examining for fingerprints highball glasses drained by six "finger-men" who were sitting in a tavern booth with Robert "Farmer" Sullivan, labor racketeer and former pugilist, when a barrage of bullets rubbed him out.

Sullivan was shot to death while he was eating spaghetti in Joe Martin's tavern in Keyport, N. J.

His companions, who had driven him to the tavern, had told him to order the best dinner available.

"Nothing's too good for our pal," one of them told the waiter.

Ten minutes later bullets rained through the window beside which Sullivan sat. His companions ran to the door, leaping into a car bearing New York license plates. One of the bullets penetrated a washroom door striking and seriously wounding Charles Antrim of Belford, N. J.

Mineral Ridge, O., have concluded a visit at the home of Mr. and Mrs. W. S. Caskey, at Mt. Jackson.

Miss Carolyn Landolf, 320 East Long avenue, who is affiliated with the Children's hospital, Pittsburgh, spent the week end with her parents, Mr. and Mrs. Thomas Landolf.

Edward Genock, South Jefferson street, who is touring Pennsylvania, Michigan, New York and West Virginia, returned to his home for a few days and then departed for a visit in North Carolina.

New Castle relatives and friends of Joseph Cunningham, of near Beaver Falls, will regret to learn that he is critically ill. His daughter, Mrs. W. H. Mueller, of Pittsburgh, is with her parents.

Mrs. Eva Faller who has been confined to the Jameson Memorial hospital the past six weeks, has been removed to the home of Mr. and Mrs. George McClelland, 409 South Pine street. The condition of the former is some improved.

Miss Frances Green, who has been making her home in New Castle for the past six years, left on Saturday evening, for Hollis, Long Island, N. Y., where she will make her future home with her sister, Mrs. Tom M. Black. Her many friends in New Castle will regret her departure.

Mrs. Chester Mahaffey, Mrs. R. S. Ryder, Mrs. D. W. Lewis, Mrs. Clarence Clark, and Mrs. William Chesney, all of Williamsport, Pa., have been visiting at the home of Mr. and Mrs. William H. Wheaton, Matilda avenue. The group left this morning for a tour of Ohio, New York, Canada and Pennsylvania.

Klas Nelson was in Kane, Pa., over the week-end, and he was accompanied on his return, by his wife, Mrs. Klas Nelson who has been in that vicinity the past four weeks taking treatment for asthma and hayfever. The latter is some improved, and is now at her home on Milton street.

WASHINGTON AT A GLANCE

Senator Couzens Will Be Missed

Although Of No Political
Faction He Has Been
National Figure At
Capital

ONCE POLICE HEAD IN DETROIT

By CHARLES P. STEWART
Central Press Staff Writer
WASHINGTON, Sept. 21—Senator James Couzens, beaten for re-nomination in Michigan, will be missed in Washington. He has been one of the most picturesque lawmakers on Capitol Hill. He has made various of his legislative associates and numerous functionaries in the executive branch of the government pretty wrothy from time to time, for he has referred to spades as spades with a dash of pungency. He thinks he isn't an orator, and in the academic sense maybe he isn't, but there have been plenty of occasions when he has raised particular hedges in debate on the floor of the upper congressional chamber by the exceeding plainness of the terms in

which he expressed himself—a lot more effectively than he could have employed any fancy flourishes. He also was too independent to have close political friendships. Officially a Republican, the Republicans never have been sure that they could depend on him. He certainly isn't a Democrat. Members of the Progressive "bloc" have rather considered him one of their own, but there have been issues on which they have denounced him as positively reactionary. They expect re-jection from reactionaries, but it always has shocked them when "Jim" Couzens has taken the conservative side of a question—and made them furious; they say he is "erratic."

SIMPLY IS COUZENS

The truth is that Couzens is not a Republican, a Democrat, or a Progressive.

He simply is Couzens. In the main he is a liberal, but with conservative streaks in him.

The Democrats wanted to run him as their senatorial candidate in Michigan this year. He has no compunctions as to accepting a Democratic nomination, but if elected as a Democrat in Washington minus his old Republican seniority rights, coming in as a Democratic "baby senator." Folks out in the "sticks" may not think that this amounts to much, but seniority is his life's blood to a member of congress. Rather than jeopardize it, Couzens was prepared to risk being defeated for re-nomination.

His nomination as a Democrat being blocked thus, the senator chose to seek re-nomination as a Republican—not that he cared a hoot for Republicanism, but to save his personal seniority. To be a reasonably promising Republican senatorial candidate, however, he had to endorse Governor Landon. He would not do that, either; he insisted on running as a Republican candidate or a Democratic platform.

He "fell between two evils" as the old-time saying puts it.

A MAN OF PARADOXES

Senator Couzens, at that, is accustomed to political jobs to meet emergencies, regardless of politics. He once told me:

He was police commissioner of Detroit. He said it was the most enjoyable job he ever had in his life. But he had an opponent, a candidate for mayor, who was sure to fire him if his rival won the mayoralty.

Couzens did not want the mayoralty, but he did not want to be "canned."

He had to win the mayoralty to save himself from being "canned."

He won the mayoralty but lost the police commissionership.

This time he may have lost, and yet won.

My New
York
By
James Aswell

Copyright, 1936, Central Press Association
NEW YORK, Sept. 21—Gotham Daguerreotype:

John is a headwaiter: a typical headwaiter in a first class cabaret—if there is such a thing as a first class cabaret.

He is forty-two, with a domed, baldish skull and little blue eyes which can be, by turns, angry or placid or frozen. His temper is short. "These waiters" he will tell you "are enough to make a man go crazy." Actually is fond of waiters, associates with them in his off hours, understands them, knows how to blast them with a snap of his fingers; a look, a muttered imprecation.

He was born in a middle European country and came to America when he was twenty. He worked as bus-boy, as dish-washer, as waiter. He even opened his own restaurant, a speakeasy, and ran it with profit for a few years in the golden Twenties; but a political misunderstanding and a fight late one night—a fight in which he was in no way involved and could not prevent—ended his privateering.

He makes a better salary than you think. More than many of the customers who come in and order him peremptorily to find them a ringside table. He can spot a party of family, of background, of true aristocracy, with Continental shrewdness; he hovers over them, gives them better service, locates them up front, and doesn't care about the tip.

He is a bit of a snob. Or perhaps he is the true democrat; or as close to the true democrats as the human mammal approaches, for to most men who brag of their democracy the term means merely the chance to associate with their betters on terms of equality. John likes gentle, well-bred people and he doesn't care a hoot for their money, he doesn't care a hoot whether they accept him on terms of equality. Indeed, he'd be distressed and disillusioned if they did.

With the butter-and-egggers, the buyers with their henned friends in town for a spree, his attitude is strictly commercial. He takes them for all the traffic will bear.

John truly loves good food, loves to serve it, watch it prepared, see the patrons enjoy it. In his own restaurant the food was magnificent. Here in the cabaret he knows it leaves much to be desired. But at that it's better than in most similar places in town.

The little girls in the chorus of the entertainment which is served up at 8 p. m., midnight and 2 a. m., adore John. They hug him and kid him and tell him their problems. They even, on occasion, ask his advice. There was the little girl who didn't take it; she was the one who swallowed the iodine. They borrow money from him, and so great is their affection, that they even, sometimes pay it back.

John is unmarried. He lives with his brother, who has a half interest in a small Coney Island cafe, in Jackson Heights, Long Island. They share half of a two-family house. John has \$28,000 in stocks and bonds, some of it in the now nearly worthless bonds of his native country, about which he remains sentimental. Once a week he and his brother have a stag party and play poker, ten cent limit, all night.

John belongs to several unions and from his waiter friends he listens to a good deal of radical talk. He isn't much interested in politics, however. On Sunday he scans the rotogravure sections of the newspapers and the society columns, picking out the names of various people he has come into contact with in the years on Broadway.

He has put away in his cellar a bottle of 1894 brandy, brandy distilled the year of his birth, a present from his late father. He will open this on his sixtieth birthday, when he plans to retire, and he and his brother will get mildly tight. He has no grand ambitions, no gnawing sorrows, no great love, no abiding hatreds; he is a contented man, although he can make the waiters ring, afterwards, with his ob-jection to his waiters.

He is living, really, to open the brandy.

Ideal Program To Be Presented

Demonstration For Rural Sunday Schools To Be Seen At State Convention

One of the features of the school administration department of the Pennsylvania Sabbath School association convention which meets at the Scottish Rite Cathedral, New Castle, October 14-15-16, will be the demonstration of an ideal program for a rural Sunday school. This will be in charge of Miss Anna Perry, the administrative superintendent of Lawrence county.

The school administration department will be held at the First Baptist church, and this demonstration comes at the afternoon session of the first day—Wednesday, Oct. 14. Miss Perry will have all of the officers of the Sunday school and will conduct for one hour an ideal program, using the delegates as the members of the Sunday school. There will be opening devotionals, the teaching of the adult, young people's and children's division, and everything will be presented with the facilities and needs of the rural Sunday school in mind.

Beer Laden Driver Is Real Menace

CLARKSBURG, W. Va., Sept. 21. Police Judge A. J. Rosenshine of this city holds that "more people have become unfit to drive an automobile from drinking beer than whisky."

The statement came as he found a man guilty of driving drunk. The judge added: "Although the legislature termed it non-toxicating, this court believes a majority of men arraigned in this court for driving drunk became intoxicated on beer."

**PLAN TO PAINT TIRES
OF MOTOR VIOLATORS**

BETHLEHEM, Pa., Sept. 21.—Bethlehem put into effect a plan whereby violators of the motor code have the alternative of paying a \$12.50 fine or having their front tires painted red and yellow.

"We don't want the people's money," said Mayor Pfeifle. "Violators can post \$12.50 and the police department will paint their tires. After 30 days we'll repaint them the original color and refund \$10." The city will keep the \$2.50 as costs.

ARREST 75 IN HAVANA BOMBING OUTRAGE

Bomb Wrecks Two Buildings

Four Are Killed And 30 Wounded—Damage Of \$500,000 Caused

MANY RADICALS BEING ROUNDED UP

(International News Service)
HAYANA, Sept. 21.—Police today held more than 75 suspected radicals in jail as they sought to fix responsibility for the bombing of the newspaper El Pais, in which four were killed and at least 30 wounded, and the attempted bombing of the Diario de la Marina.

Exploding just after hundreds of newsboys and other employees of El Pais had gone home, and only half an hour before the first Sunday mass in the Monserrate Catholic church across the street, the bomb wrecked both buildings, damaged others for a radius of 10 blocks, and caused a loss of at least \$500,000.

In a feverish search, police then discovered 1500 sticks of dynamite concealed in a car outside the Diario de la Marina, timed to blast at 10 o'clock. Scores of lives in surrounding apartment buildings would have been lost had the dynamite gone off, authorities said.

A parked truck held the bomb, weighing 1500 pounds and ranked as one of the biggest ever exploded in Cuba's long years of terrorism, outside El Pais.

Both the newspapers are rightist organs, and the outrages led to a roundup of radicals and revolutionaries, including a chauffeur who admitted owning the car found outside Diario up to two months ago.

AROUND CITY HALL

With the first day of fall here thoughts turn to winter which recalls that B. F. Butler, director of streets, has amassed a mountain of ashes for distribution on icy hills this winter. The city employees have loaded many trucks with ashes from the tin plants during the summer months and the street department is ready to get an ice or snow covered hill with a coat of ashes.

With the traffic light at Beaver and West Washington streets erected Rex Hughes, city electrician, some time this week, will install a traffic light at the corner of Grant and North Jefferson streets. The corner is one of the busiest in the city. According to city traffic regulators there are other hot traffic points where lights also are needed.

Within a short time the city will begin putting call in the various city buildings. Mrs. Susan Rigby formerly Miss Susan Wallace, clerk to Director of parks Joseph D. Alexander will soon leave the city's service. Most of the city employees have had their vacations and are settled in their chairs for the balance of the winter.

Agency Office Is Opened Here

M. C. Rainier Is Manager Of Investors Syndicate Office In City

Opening of a New Castle agency Office of Investors Syndicate, oldest and largest financial institution of its kind in America, has been announced by F. R. Martin, Jr., Division Manager. The office is located at 616-618 Lawrence Savings and Trust Bldg. and is under the management of M. C. Rainier.

"Our business has expanded so consistently that it was necessary to have an office in New Castle for the service of our clients in Butler Reaver, and Lawrence counties," Mr. Martin said. "Mr. Rainier, agency manager, has a substantial record with our company. Prior to coming with Investors Syndicate, he was for ten years a sales executive with the Aluminum Company in New Kensington."

Gutter Projects Almost Finished

Director Downie Of WPA Expects Projects To Be Done Late In October

Completion of the Works Progress Administration by which 46 hillside streets in New Castle are being improved, is expected late in October, J. Vale Downie, district director, declared today.

The work includes the excavating for gutters, grading of streets to conform with the gutters, and the laying of 15 miles of gutters which will vary in width from three to five feet, and which will be of stone nine inches thick.

The WPA is operating three quarries from which the stone is being taken. The project supplies employment for 250 heads of families of the New Castle district.

Originally unsightly and rough, with deep dirt gutters which in many cases were a menace for both vehicles and pedestrians, the streets when the project is completed will not only have adequate and proper drainage for storm water, but they will have a wider cartway and may, at any time, be paved between the gutters.

Tureen Dinner To Honor Pastor

Honoring Rev. John A. Galbraith and his family, a tureen dinner will be held in the dining room of the Epworth M. E. church tonight. Rev. Galbraith has been assigned to Kane, Pa., and expects to move there on Tuesday.

The program tonight will be a short one. A few musical numbers and not over four three minute speeches will be presented.

Crowd Greet New Minister

Occupying the pulpit of Epworth M. E. church for the first time, Rev. H. A. McCurdy had a crowded auditorium for his congregation Sunday morning. He comes to Epworth from Warren, Pa., where he preached for the past five years. Rev. McCurdy replaces Rev. John A. Galbraith who goes to Kane, Pa.

Do You Want A Baby?

It is a well known fact that "Complete unity and happiness in married life is brought by babies" and that lack of children in the home is one of the greatest causes for discontented marriages. Also that every woman was intended for Motherhood, but too often she is underdeveloped or suffering with functional female disorders which rob her of this normal desire. During an experience of more than 36 years specializing in conditions peculiar to women, I developed a simple home method which has brought new hope, health and happiness to thousands.

MANY WHO HAD BEEN CHILDLESS FOR YEARS BECAME PROUD AND HAPPY MOTHERS. Husbands have written me the most glowing letters of gratitude and now I want every woman who is run-down or suffering from functional female disorders to learn about this splendid method and how she may use it in the privacy of her own home.

Get This Knowledge FREE

I have printed an illustrated comprehensive Treatise on the merits of this method in which I intimately discuss many important subjects relating to the female organs that are vitally interesting to every woman. They tell how you too may combat your troubles as thousands of others have who reported the arrival of babies after being childless for years and even been told they could never have children. So often again women may enjoy the desires and activities of Nature's most wonderful creation—a normal, fully developed, vigorous woman. I will gladly send this important information postpaid free. Uniontown Case Probe Extended

Attorney General Orders Room Sealed For Chemists Examination

(International News Service)

UNIONTOWN, Pa., Sept. 21.—"Desperate efforts" were made to obliterate what he said were bloodstains in the room in the Fayette county courthouse where Frank C. Monaghan, 64, hotel keeper, died during an alleged "third degree" Attorney General Charles J. Margiotti charged today.

Declaring Monaghan was "barbarously and brutally beaten to death," Margiotti ordered the room sealed pending further examination by three chemists and returned to Pittsburgh to take up other phases of his personal investigation of the hotel keeper's death.

Two state policemen held on murder charges in the case were suspended by Maj. Lynn G. Adams, head of the Pennsylvania State Police, who issued a statement declaring he was lending his assistance to the attorney general in the probe. The two state policemen were Stacey Gunderman and Anthony Sanute. Along with Fayette county detective Wilbert "Patsy" Minered they have been charged with murder by Coroner S. A. Baltz.

F. C. Buckmaster, Allegheny chemist, J. L. Rice, head of the chemistry department at Bucknell University and Dr. Herbert L. Lund, uniontown hospital pathologist were tentatively selected by Margiotti to examine the room in which Monaghan died.

"I found blood stains not only on all four walls but on the floor and even on the furniture," the attorney general said. "There were also stains in the passage leading to a small washroom at the rear of the Bertillon room and inside the washroom."

Haile Selassie Goes To Geneva

(International News Service)

LONDON, Sept. 21.—Haile Selassie, exiled emperor of Ethiopia, today left in a fast airplane on a dramatic flight to Geneva in a desperate attempt to save his throne. Watching his delegates helplessly striving against efforts to bar them from the League of Nations assembly, the Negus suddenly decided to appear in person to see if the assembly will not declare the king of kings to be a man without a country.

Timplate Workers At Camp Sunday

Employees of the shearing-opening department of the Carnegie-Illinois Steel Corporation, Shenango Works, held their last outing of the summer at Trader Horn camp, near Ell-hurst, Sunday afternoon.

Games and songs were presented with Thomas Beck appearing as a ukulele soloist. A quartet consisting of Joseph Seinkner, Stephen Vrona, John Seinkner and Joseph Lesnocke, pleased with modern and old-time songs.

On the committee arranging the outing were Dominic Cioffe, Joseph Nocera, Norman Cuscino and Stephen Vrona.

YOUTHS IN FRACAS

Charles Watkins is held in jail on a charge of suspicion, it having been alleged that he cut Dave Clemons on the hand and arm Saturday night in Moravia street. The youths, both of whom are colored, had an argument earlier in the day, it was reported by police and the fight was the outcome.

Watkins will be turned over to Parole Officer J. M. Dunlap as he is an alleged parole violator, according to chief of detectives Ray Showalter.

Colored Man Faces Charges

Morris Burley, colored, who has been "hanging around" East Division street, according to Chief of Detectives Ray Showalter, was arrested Saturday night by Constable Steinbrink and Officers Wall and Shields, following an alleged attempt to stab Harry J. Clark, proprietor of the Clark 5 and 10 cent store in East Long avenue.

According to police, Burley took some articles and when questioned, attempted to wield a knife. In his flight he threw away the articles which later were recovered, it was reported. He was captured and will face charges of felonious assault and battery with intent to rob before Squire B. J. Blomd. At present he is in jail pending the hearing.

During the illness of Chief of Police, Ralph Criswell, his duties are being performed by Detective Chief Ray Showalter.

Federal Social Security Board Approves State's Plan For Needy Aged

By ARTHUR C. WIMER

Washington Correspondent, New Castle News.

WASHINGTON, D. C., Sept. 21.—The Federal Social Security board announced today it had approved Pennsylvania's plan for the needy aged, which it is estimated will assist 95,000 aged men and women at a cost of \$2,004,500 monthly.

Under the social security program the Federal government will make grants to the Keystone state to help finance the payments to the needy old folks.

With the addition of Pennsylvania, 37 states, the District of Columbia and Hawaii now have approved state plans for old-age assistance and are eligible to receive from the Federal government approximately one-half their expenditures for this form of assistance.

Pennsylvania officials estimate that the cost of the program will be about \$2,004,500 per month, exclusive of administrative costs. They expect that 95,000 aged men and women will be eligible for assistance

at an average rate of \$21.10 per person.

Pennsylvania's plan is based on the state old-age assistance law as amended June 25, 1936. The age requirement is 70 years until December 31, 1939, after which it becomes 65. The amounts granted eligible applicants are based on an investigation of individual needs and resources and may not exceed \$30-a-month maximum prescribed in the state law. The program is to be administered locally by the board of trustees of the mothers' assistance fund of the several counties of the state. It will be supervised by the state department of welfare through its bureau of assistance, which also administers mothers' assistance and aid to the blind. Allowances to the needy aged will be financed entirely with state and Federal funds, and the counties will contribute toward the cost of administering the plan.

Pennsylvania is also participating in the bind-assistance feature of the social security act under a plan which has been in operation since February of this year.

Trucks On Viaduct Project Travel Many Miles Daily

New Trucks At Start, Have
Averaged 7,000 Miles
In Five Months

To gain an idea of the vast amount of work which is being done at the new Edinburg viaduct, a check on the mileage on the trucks and the amount of gasoline that they consume proves very interesting.

Just about five months work has now been completed on the project, and in that time, trucks have averaged between six and seven thousand miles. All but a very few of the trucks now at work were purchased new at the time of the start of the viaduct.

Dirt is being hauled over a stretch of about 1 mile in length and an average of about 50 trips a day is made by each truck. Gasoline consumption equals about 12 to 15 gallons per day for each truck.

A load of 7300 pounds of earth is taken on each trip from the shovel to the abutment on the New Castle side of the viaduct where the fill is now being made. This gigantic shovel keeps ten trucks moving with very little effort, it taking only two scoops to fill a truck.

Death Car Driver Is Given Parole

BUTLER, Pa., Sept. 21—Leniency was extended Raymond Appleby of Belleville, Ill., convicted of involuntary manslaughter, in connection with the death of Richard Hayes, a young Butler student, in a motor collision on the Slippery Rock road last month.

He was paroled for one year on condition he obeys the law and pays the cost in the case. Appleby had been in the county jail since August 4.

Pronouncing sentence Judge John H. Wilson said, "While you were found guilty, I am not convinced that you did anything that any prudent person would not have done under the circumstances. I have very grave doubts that you were guilty at all."

THE PARENT PROBLEM

By Garry C. Myers, Ph. D.

HOW BABY GROWS

Though you were present, you may not remember much about your early infancy. Let me tell you something about yourself. If you were average, you weighed at birth about seven and one-half pounds, less if a girl, more if not a girl. Right after birth you lost some weight, retaining all of it in about two weeks. You doubled your weight in five months. And what if that should happen now! You tripled your birth weight in a year. In the second year of your life you gained half a pound a month—sometimes this happens to you now. And from your third to sixth year you put on about five pounds annually—mere items you probably forgot—at the age of eleven you were ten times as heavy as you were on the day when about you someone exclaimed, "It's a girl!" or "It's a boy!" Of course you may not be an average person, in some respects at least. Probably you wouldn't care to be. Are you twenty times your birth weight now?

In case you were an average baby, your length at birth was about 20 inches, just two inches more than half a yard, which you increased by ten inches after working at it for a year. Three more years passed before you were twice as long (height) as when you uttered your first cry. At birth your stomach

held one ounce; six ounces six months later, and 270 bones you had when born.

Twice As Much Brain

You have now only twice as much brain as you had when you were born, and your brain at present is no bigger than it was when you were seven or eight years old. And those eye-balls of yours, big and round, had their present size when you were eighteen months of age, believe it or not. Says the eminent child psychologist, Dr. John E. Anderson of Minnesota university, yes, page 14, "Happy Childhood". And here is what he says about your senses when you were very, very young:

"At birth, or shortly after, the infant is able to react to sensory stimulation. Within a few hours he will turn from the dark to the light half of the room; by the end of the first day, he will fixate on a spot of light. In two months he will be able to follow a moving object with his eyes, and in nine months he will discriminate objects in the visual field with accuracy. Because of the infant's inability to speak, it is difficult to determine the moment at which he first distinguishes color, but there is evidence that even at the age of nine months some sensitivity to color is present. There is clear indication that by the age of two years color discrimination is present."

Large Crowd Hears Tabernacle Speaker

Rev. W. D. Herrstrom Opens
Week Of Revival Meet-
ings In East New Castle

Rev. W. D. Herrstrom, nationally known radio preacher, author, and evangelist, of Akron, O. spoke to a packed house last night at the Calvary Tabernacle in East New Castle. His subject was "Snakes."

Tonight at 7:30 o'clock, he speaks on the theme, "Why Did the Lord Choose Judas?"

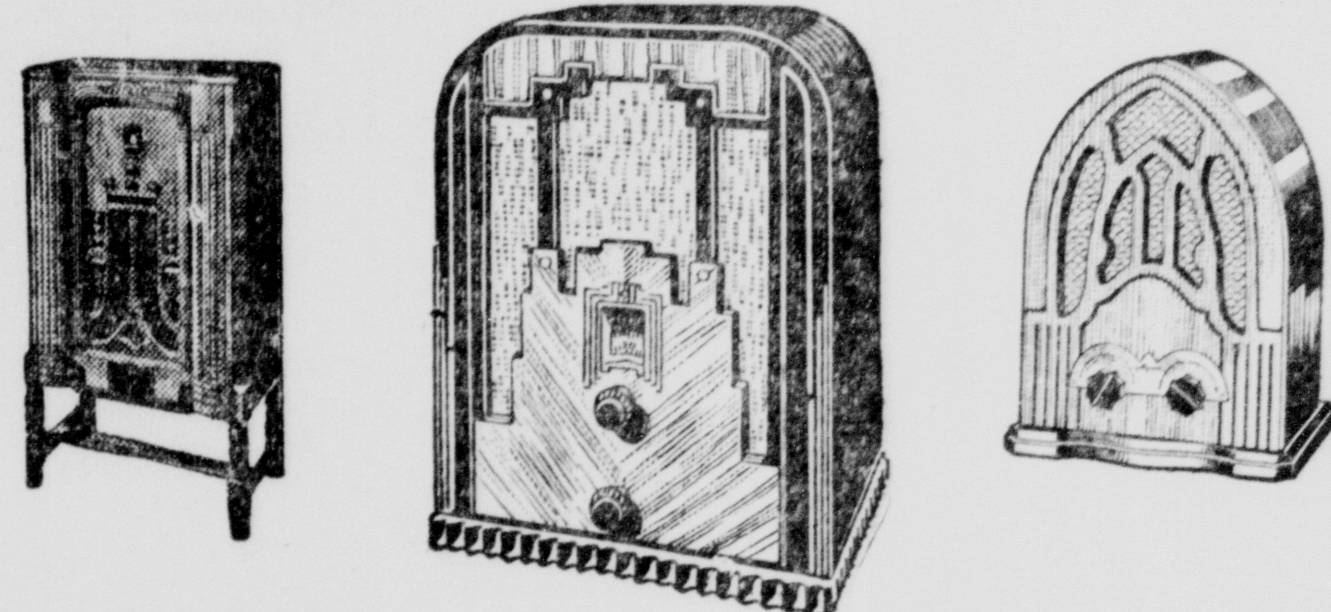

Tuesday night he will give his illustrated message on the subject, "Communism Photographed in Russia and America." This message will be illustrated by one hundred stereopticon slides.

The speaker has made special investigation on this subject and has spoken to large audiences from coast to coast. He is just completing a tour of the forty-eight states. He comes here from Chicago, where he just closed a series of services at the Grand Opera House, where he spoke under the auspices of the Chicago Christian Business Men's Committee.

Rev. Herrstrom speaks at the Calvary Tabernacle every night this week except Saturday. He gives his closing message here next Sunday night.

Brief Honeymoon Trip For Couple

Westminster Romance Culmin-
ation Bring 45 Minute
Honeymoon Trip In
Airplane

(Special To The News)
NEW WILMINGTON, Pa., Sept. 21—A record for short honeymoons was probably broken Saturday when Albert J. Tener, former Westminster College debate coach, and Miss Virginia Booth, Westminster 1936 valedictorian, took a 48 minute airplane honeymoon following their marriage in Cleveland.

Following the marriage, the couple flew to Ann Arbor, Mich., where Mr. Tener is completing his law degree.

Curb Light Pole Is Broken Off

Curb light at Mercer and Washington street was broken off at 1:30 a. m. today when struck by an auto driven by William McNeal, colored Ellwood City, according to a report he made to police.

McNeal said he was driving north on South Mercer street, intended to turn right into East Washington street, stepped on the gas instead of the brake and his auto struck a car operated by Julius Bako, Jr. Butler.

KILDOO ABLE TO LEAVE HOSPITAL

Gerald W. Kildoo, of R. F. D. No. 8, who was seriously burned about the most of his body during the summer, when his milkhouse was destroyed after an explosion of gasoline, which trapped him inside the building, has recovered sufficiently to leave the Jameson Memorial hospital.

For a time, his life was despaired of, but he made a remarkable recovery and will soon be able to be around again, it is stated.

Firemen Deadlock Bessemer In Series

After Dropping First Game,
7-1, Come Back, Win
Second, 10-9

HILL FEATURES IN SECOND GAME

Baseball series for the championship of Lawrence county between the Firemen of the West Side and Bessemer, champions of the Lawrence county league, is deadlocked, each having won a game. On Saturday Bessemer won, 7 to 1, at Bessemer, and Sunday on the Lee avenue field, before a mammoth crowd, the Firemen came back and won 10 to 9. The Firemen took the second game by scoring twice in the last half of the ninth inning.

Manager Zeigler of the Firemen, selected to use Dick Witherow on the mound against the Cement Town lads, and hurled a steady game until the fourth, when they found him for enough hits to score four runs. At this stage of the game Hill was elected to take over the job as a relief hurler and gave an excellent display of hurling. Hill hurled a total of five and two-thirds innings and allowed the lads from Bessemer but one hit and that was a single. The game seemed to be just starting as far as Hill was concerned as he really bore down all the time he was in the box. So tantalizing were his curves that he fanned eight Bessemer lads. It was no doubt one of the finest jobs of relief pitching ever witnessed at the popular Lee avenue field.

Relieve Nord
For Bessemer, Manager Martin used his ace, Dick Nord, and he, too, hurled a steady game until the third when the Firemen jumped on him for four hits which accounted for four runs. Nord stayed in the game until the fourth when the Firemen came back with two more runs and at this point of the struggle, Manager Martin called in W. Purmaki to take over the pitching assignment and he also hurled a fine game in the role of a relief pitcher.

The score was 9-8 in favor of Bessemer in the fifth inning and Purmaki held it that way until the ninth when the Firemen went to work and pushed over two runs which proved the margin of victory in the ninth inning contest. Both relief pitchers deserve a great deal of credit, but Purmaki allowed the ninth inning score enough runs to permit victory, after one man was retired, Purmaki fanned a total of six of the "Fire-Eaters."

The game was featured by some heavy hitting. Webb Stanley, the star shortstop of the Bessemer outfit, poled a long home run with one man on base to prove his longest hit of the game. His brother, Glenn Stanley, accounted for a triple and a double. Hrivatine received credit for a double to round out the extra base hitting of the Bessemer team.

Huston Scores Runners
For the Firemen, Peck Huston poled a triple with the bases loaded to prove the longest hit for the Firemen. Bill Gall and Del Jackson with two singles apiece, also stood out for the Firemen.

All in all, it was a well played game with thrills galore, there were many outstanding fielding plays in the game which took over three hours to complete it.

At times the huge crowd entered the playing field but all in all they

did their part and the game was handled nicely by the umpires, McIntyre, Henry and Hill.

Fischer Wins Amateur Title

Johnny Fischer, College
Golfer Is New National
Amateur Champion

By LAWTON CARVER
International News Service Sports
Writer

NEW YORK, Sept. 21.—Amateur golf's urgent plea, with accompanying sound effects recognized as long drawn-out moans, for a successor to Bobby Jones and Lawson Little has been stilled for the time being by Johnny Fischer.

The willowy Cincinnati law student generally has been credited with the necessary game and courage under fire, but only as late as last Saturday at Garden City did he show a marked flair for chucking large chunks of dramatics into the gallery.

Looking at the sime pure business from a mercenary standpoint, the experts seem to agree that the new champion acts like a gate attraction. He has plenty of what it takes in the pinches.

Fischer Is Fighter

Being only 24 years old and having won the title the extremely hard way he might yet be ranked among the all time greats of links warfare. He at least seems to be headed that way, with competitive temperament that lifts his game to the peak of coolly desperate efficiency when the necessity arises.

They're still digging into the books to find a parallel to his victory over Jack McLean, who never trailed during the afternoon round of the finals until he finally lost on the 37th hole by one down. To accomplish the victory, Fischer fired three straight birdies, beginning at the 35th and simply hounded past the Scot, who was about to take the title back to Britain for the first time since Harold Hilton's successful invasion in 1911.

Opponents Show Plenty Of Power

Sharon, Midland, Martins Ferry,
Erie East Win Saturday,
Washington Tied

New Castle high "Red Hurricane" football team is in for some tough battles the rest of the year, judging from the way their opponents waded through the opposition Saturday.

Sharon high gave evidence of a lot of strength by handing Frank Walton's Beaver Falls high team a 21 to 0 defeating in the lid-lifter at Sharon. Midland high scored in the first period to defeat Beaver high, 6 to 0.

Martins Ferry high swamped Hiramville high, 61 to 0, with F. Orend scoring four touchdowns.

The onset upon the horizon was the Washington-Canonsburg 0-0 deadlock at Washington. Erie East high defeated Niles, O. high, 19 to 0.

Bessemer High Trims Hubbard By Score 28-0

Bessemer Shows Power In
First Game, Shoup And
Calderaro Stars

Bessemer High school opened its 1936 football campaign Saturday with a 28 to 0 victory over Hubbard High. Functioning smoothly the inexperienced team humbled relentlessly against the Hubbard defense to score four touchdowns, two extra points, and a safety. Two touchdowns came from interception of passes by Calderaro and Galena, the other two followed offensive drives.

Bessemer kicked off and after an exchange of punts, a hurried pass into the flat zone by Hubbard was nipped by Calderaro, who ran 60 yards for the first score. Shoup kicked the extra point.

Shoup Scores
Just before the close of the initial period an offensive drive brought the ball to the three yard line. Shoup on a fake reverse went thru the center of the line for the second touchdown. He also kicked the extra point. DiLullo and Anderson demonstrated their effectiveness as interferers during this period making the substantial gains by the backs possible.

Play in the second quarter was largely in midfield. A long pass late in the period from Calderaro to Guy-litto, brought Bessemer's third touchdown. Shoup's kick was wide.

Hubbard started a drive in the third quarter that looked as if they were headed places. A pass intended for Matthews, however, was taken by Galena. Guy-litto blocked the first man as Galena got underway. A swarm of Bessemer linemen wiped out four factors as Galena continued his way from midfield for the fourth score. Shoup's attempted kick for extra point was blocked.

Rally Halted
Hubbard stopped a Bessemer drive for a fifth touchdown at the five yard line, as the third quarter was coming to a close. Hubbard attempted kick from behind the goal line was blocked by Mittica, Bessemer's tackle, and rolled out of bounds for a safety.

Bessemer's backs, Calderaro, Galena, Shoup, and DeArment, performed well. Their excellent showing was largely due to the effective interference of DiLullo, Anderson and Shusman. Skocic, Mattica, Guy-litto and Pezzulo played a fine defensive game. Galachi and Longo of Hubbard did a nice job of backing up the line.

Solomon-Smith Golf Finalists At Castle Hills

Will Meet Soon In 36-Hole
Match For Title, Russ
Magill Wins Second
Flight

Izzy Solomon, one of New Castle's up and coming young golfers and Jimmy Smith, son of Captain V. Arthur Smith, will battle it out for the Castle Hills club championship. The match will more than likely be a 36-hole affair.

Solomon yesterday in a sizzling 18-hole match eliminated the old veteran Bill Nunn, 5 and 3. Solomon shot a 73 for the 18 holes, paring every hole but one and having a birdie on the 18th. He was over par on the first hole only. Jimmy Smith waded through Bob Mackie, Prof. C. W. McKee and Johnny Hodges to reach the finals. Smith banged out a beautiful 68 card, five under par, to take the match from Prof. McKee, with McKee having a 70. Solomon in his climb to the finals defeated Willie Grommes, one of the tourney favorites.

Russ Magill Wins
Russell Magill is the champion of the second flight of the club championship at Castle Hills, having defeated his father, Mont Magill in a 36-hole playoff. Mont Magill defeated W. M. Nunn, Jr. to reach the finals, and Russ had defeated Dan Treloar, Jr., to reach the final match. It was father against son and the younger man came through after a tough match.

Youngstown East Here On Friday

Youngstown Opens Season
With 19 To 0 Victory
Over Ursuline High

Youngstown East high football team, co-holders of the Youngstown city high school football championship along with Rayen high, will be the opponents for New Castle high at Taggart stadium on Friday night. The game will start at 8 p. m. under the floodlights. The Youngstown East team opened the season Saturday night at South high stadium by taking a 19 to 0 victory over the Ursuline high team.

According to those who saw the game, the East high team looks good this year. They will give New Castle a tough battle.

Ralph H. Gardner, faculty manager, announced today that Judge Egan of Pittsburgh, one of the best known and highly recognized football officials in the United States, will handle the game this Friday night as referee.

Hardesty Wins For Bessemer

Baseball Game At Bessemer
Saturday Will Start At 4
P. M., E. S. T.

Hardesty was the winning pitcher as Bessemer defeated the Sixth Ward Firemen in the opening game of the county championship series at the Bessemer Field on Saturday. The score was 7 to 1.

Bessemer found the pitching of Thornton, Hill and Huston for 14 innings. The Firemen had but seven hits off of Hardesty.

James W. Martin, manager of the Bessemer team announced today that the third game of the series would be played at the Bessemer Field at 4 p. m. Eastern Standard time on Saturday. The fourth game will be at Lee Avenue field next Sunday.

Winner Of Tonight's Bout May Meet Champ

Al Getz To Test Leon
Grandovitch, Winner
Over Sexton

THREE OTHER BOUTS
ON MAT CALENDAR

Tonight at the Arena Gardens, where the wrestlers hold out, there will be a bout between Al Getz, the German, and Leon Grandovitch, ex-Russian, and judging from the interest displayed, it should be a hard bout. In fact, both are known as being skilled and rough and with a probable match for the winner with Everett Marshall, world's champion, no doubt there'll be plenty of action. The first preliminary will start at 8:30 p. m.

Getz came here one week ago to night after showing a lot of stuff outside the ring of doing his stuff. The blonde grappler had his hands filled with Sexton until Frank was hurled upon the ropes, his arm twisted and he had to retire from the bout.

After witnessing Sexton the most popular of the pair vanquished, the promoters decided upon a rough antagonist for Grandovitch and put in a request and secured for his services. They cared not for the disqualification. Instead, they expressed the belief he would hold Grandovitch to a close bout.

Eddie Coming Back
The semi-final will find Al Rothberg, Denver, Colo., opposed to Larry Jensen, who won from Getz. The Denverite pinned King Kong to the mat after an exciting bout at Centennial field. He won many friends, likewise Jensen. Like the main bout, they will wrestle 90 minutes or to a fall.

The Bob Blake-Eddie Conley bout no doubt will appeal to fans. Plenty of them here would like to see Conley tossed high, wide and fancy. He has pulled a lot of rough stuff, they point out, following which he appeals to the referee when he is roughed up. Bob is nobody's baby on the mat.

Tony Marchoni, whose chief hold is a body scissors, will take on the former Iron-worker, Leo Wallick. Marchoni is a main bouter in many cities, but has agreed to show here in any bout where he is assigned. It so happened that Wallick took the same attitude and they will open the show. The bout should be fast.

The promoters have thrown the doors open free to women and put in a Centennial field quite a number of women watched the wrestlers, in fact they enjoyed the sport as much as the men and the promoter is looking for a big crowd when the doors open at 7:30 o'clock tonight.

New Building To Be Available For Athletics

Work In Progress On Audi-
torium Structure On
Grove Street

EXPECT TO SEAT
ABOUT 2500 PERSONS

Excavation has started for a brick auditorium building in Grove street and when the building is completed several months from now it will represent an outlay of approximately \$25,000. The auditorium may be used by the public and one of the features of the building will be its availability for athletics, according to two of the men, F. J. Taylor and J. E. Richardson, behind the movement.

Active in charge of the excavation which is underway next to the Orr playground in Grove street, Richardson said today he and Mr. Taylor had decided that there is a need for such a building in New Castle and inasmuch as taxes were being paid on the ground it was believed feasible to put up an up-to-date building which can be used for conventions, meetings of various kinds and indoor athletics and dancing.

Mr. Taylor comes from Ketsogula, Van Burne, Ia., and Mr. Richardson from St. Cloud, Minn. Mr. Taylor is a property owner in this city and Mr. Richardson is interested in buildings of this kind.

A huge steam shovel is now digging and the excavation for the cellar has progressed fast. The building, according to Mr. Richardson, will be 88x150. It will be so constructed that it will have a balcony and the seating capacity will be about 2,500.

The guide pointed out the House of Lords. "This," said he, "is the house that Jack built."

Mrs. Harold Pyle Loses Golf Match

Mrs. E. E. Reagle Wins Sharon
Title Third Time

(Special To The News)
SHARON, Sept. 21.—Mrs. E. E. Reagle became the first woman golfer to win the Sharon Country club championship three times when she beat Mrs. Harold Pyle, 4-3, in the finals, Saturday.

Mrs. Reagle first became prominent in golf in 1931. She was followed by Mrs. Fred Lutje, Mrs. L. C. Richardson and Mrs. S. M. Phillips. Previously Mrs. A. R. McGill and Mrs. Phillips were the only other players able to win three titles.

Mrs. Pyle, who has had only a few years experience in the game, and who was competing in championship play for the first time, got away to a bad start and found herself six down at the end of the first nine.

However, she reduced the advantage to four, only to lose 13. When she won 14 she was down four and the match ended when the 15 was halved.

The cards:
Reagle 856 546 256—47
Pyle 957 646 367—53
Reagle 679 536 xxx
Pyle 668 646 xxx

Westminster Squad Trains

Coach Roark Must Develop
Practically An Entire
New Team

MT. UNION FIRST
FOE OCTOBER 3

(Special To The News)
NEW WILMINGTON, Pa. Sept. 21.—Coach George Roark of Westminster will have to build his team this year around four four-year veterans, three of them backfield men.

Only Tony Krulatz, guard, remains of the Titan varsity forward wall. In the backfield, Roark will have a fair start with Jack Larway, Eric half, Jim Mintz, Butler quarter, and Harry Shoup, Bessemer fullback, as the best bets. From end to end, however, Roark will have to rebuild his line around Krulatz, Lyndora, guard.

Roark has only two weeks left to whip a squad of 15 freshmen and 10 upperclassmen into shape for the opening game with the Purple Raiders from Mt. Union, October 3. Scrimmage will not begin until late this week, with all available time spent on blocking, tackling, charging, passing and kicking.

Butler, New Castle guard, is a holdout, and Mel Straw, varsity tackle in 1934, has not completed his entrance examinations yet to make him eligible.

Promising candidates for end in the vacancies left by Austen, Watt and Brooks, include Frank Douds, Sharon junior, and Mel Miller, New Brighton freshman. At tackle, Lee Wright, 200 pound Franklin boy; Frank Bretthole, Carnegie sophomore, and Chalmers Weaver, Erie freshman, are competing.

Guards Dale Youkers, captain of last year's Butler eleven. At the center position, left doubly vacant by the graduation of Auld, and Jones' failure to return to the squad, Cody, Sugar Grove, has been showing promise as a snapper-back.

Unluckily, Roark's first game of the season with Mt. Union, will probably be the hardest on the Titan schedule. Last year the Ohioans lost only one game, and this year will present a stronger lineup than in 1935.

BANQUET IS POSTPONED
The annual banquet of the Church Golf league will be held on Thursday night, October 1, at Mahoning Christian church instead of Thursday night of this week. It was announced by Jimmie Smith, member of the committee today.

No Standout Teams In South This Year

Alabama May Come Closest
To National Recognition
This Year

Several Teams May Make
Trouble For Big Major
Elevens

By WILLIAM G. GAUDET
International News Service Sports

ATLANTA, Ga., Sept. 21.—If any major team any where in the south survives the season without being upset at least once, that will be the biggest football upset story of the year in these parts.

Which means they're making them bigger, better and faster in both the southern and southwestern conferences this year. And this, sprinkled with any array of sectional and interconference contests, means that the quality of the competition looks far too good to believe any team—even those super-super ones—capable of maintaining an undefeated record.

Keen Competition
This fact, however, is generally being buzzed about the two circuits so much this year that a team with but one defeat will be looked upon by the rest of the folks as an extraordinary achievement.

At least that's the general opinion of the coaches round and about, even though most of the rah-rah fans are yelling their heads off for an undefeated, untied season for Alabama.

But "Alma," despite the yell, is going to have a tough time of it.

In the southern circuit you have at least three teams that rank with the best, and the three of them play a Round Robin with one another and there you are. Now in the southeastern conference you have no less than seven teams that must be given rank as outstanding gridiron aggregations. And with most of them meeting one another the fur is bound to fly and there you are again.

Louisiana State
To be a trifle more specific in the southeastern conference there's Louisiana State University, last year's title-holders, coming back with what looks like a bigger and better football team. A few men have been lost from last year, but so many good men are ready to replace them that you can't help but forget those that were lost.

The University of Kentucky is another that must be looked upon as a truckload of dynamite. Then there's Auburn and Vanderbilt, both improved over last season. The same is true of Georgia Tech and possibly Georgia. And its no vague rumor that says the two Mississippi elevens—Ole Miss and Mississippi State—are out gunning for everybody. And they're loaded with plenty of gunpowder to blow plenty of teams out of the way.

The University of Florida will still be struggling this year and can't be considered as outstanding. The same may be applied to both Tulane University and the University of Tennessee. Then too, the pessimistic attitude may be just a smokescreen for these two elevens.

Over in the southern conference you don't have so many outstanding aggregations, but the situation is no less complex.

Duke Is Strong
What about Duke? Well, Wallace Wade has turned over very few poor elevens, even when he didn't have all the best material in the world. But as it so happens, he does have the material. So there's your answer.

And will North Carolina be strong? Only November can truly say, but the indications point to a boom season. Then with North Carolina there's that little score from last year to settle when Duke blasted them into defeat by an astounding score.

Then, as a thorn for both Duke and North Carolina, there's North Carolina State with "Hunk" Anderson planning to pull plenty of tricks from the bag.

Giants Need But Two More To Win Flag

Defeat Dodgers 5 To 0 As Chicago Cubs Tame Cardinals In Hectic Race

PIRATES TAKE DOUBLE-HEADER

(International News Service) NEW YORK, Sept. 21.—The good burghers of Philadelphia in all likelihood will experience a rare thrill this week. It's virtually an even money bet they'll see a National League pennant won, an event that hasn't occurred there in 20 years, or more.

Those amazing New York Giants journeyed down to Philadelphia this morning for the express purpose of making an all-New York world's series a certainty. Only two more victories are needed to nail the pennant to the Polo grounds masthead and if Bill Terry's Terriers have their way those two wins will have been acquired by nightfall tomorrow.

Giants On Top. While their only rivals, the St. Louis Cards and the Chicago Cubs, were battling each other in Chicago, the Giants played truly superb ball to defeat the Brooklyn Dodgers, 5 to 0, and to draw six full games ahead of the field. The Dodgers' home game gave a brilliant exhibition of knuckle-balling that bodes no good for the Yankees. Fitzsimmons held the Dodgers to a mere six hits and was never even remotely in danger.

The victory, incidentally, gave the Giants a clean sweep in their three-game series with the brethren from across the river.

The Cubs moved back into second place in the senior loop standings when they caught up with Dizzy Dean in the eighth and then went on to whip the Cards by 4 to 3. Going into the fatal eighth Dizzy held a 1-0 lead over Bill Lee and had yielded a scant quarry of hits. Before the frame was over, however, the Cubs had scored four runs on homers by Frank Demaree and Johnny Gill and singles by Hack and Hartnett. Joe Medwick hit a home run with one man on base in the Cards' half of the ninth.

Pirates Win Two. Pittsburgh and Boston won double-headers in the other National League games. The Bees defeated the Phillies, 5-3 and 6-5, while the Pirates downed the Reds by 5-1 and 6-4 scores.

The American league Joe McCarthy of the New York Yankees found the pitching problem, which he will carry into the world series, further complicated. The usually reliable Red Ruffing was pounded for a 6-1 defeat at the hands of the Washington Senators in the first game of a double-header while the usually unrelatable Lefty Gomez held the Senators to two hits while chalking up a 3-2 triumph.

Indians Beaten. This is the second time in succession that Ruffing has been taken over the jumps and if he carries the same poor form into the annual classic the American league's chances of gaining premier honors will be materially lessened. Gomez has been the problem child of the Yankee mound staff all year and his performance yesterday may mean much or nothing at all.

The Detroit Tigers defeated the Cleveland Indians, 6-5, to make a clean sweep of a four-game series.

The Philadelphia Athletics trimmed the Boston Red Sox in two games, 3-1 and 6-4, while the St. Louis Browns registered a double triumph over the Chicago White Sox, 8-5 and 9-3.

Komic Missing In State Lineup

New Castle Former Star In Penn State Football Team Not In School

STATE COLLEGE, Pa., Sept. 21.—Despite the permanent loss of two outstanding backfield players, Walter Komic and Bill Rhoda, Penn State should have a strong array of both varsity and reserve backfield material for the 1936 campaign.

The loss of Komic and Rhoda, however, has deprived the Lions of a pair of heavy and seasoned line plungers, and it is apparent that Penn State will again be represented by light, fast backs. Komic, who played regular fullback last year, has not returned to college. Rhoda was seriously burned with asphalt while working on a summer construction job.

Komic's absence has been somewhat alleviated by the routing into form of Tommy Silvano, stocky fullback on the team two years ago and leading scorer during that season. Silvano was handicapped by injuries last fall.

Coach Bob Higgins will have two experienced quarterbacks, Red O'Hara and Wendell Wear, and both will have the most of the kicking and passing. For the varsity backfield posts, at least one new face is almost sure to appear in the lineup. Sophomores are leading the fight for a running half, while the defensive, or number two back, will be Sammy Donato or Paul Enders, two juniors.

Sophomores in line for a first string backfield position are Johnny Patrick, of Pittsburgh; Harry Harrison and Bill Denise, both from Philadelphia, and Bud Kyle, of Altoona. Of these, Patrick is a little ahead of the field, although great things are expected of Denise, who has been on the injured list since the third day of practice.

Shenangos Win Softball Title

Awarded Class B Softball Championship By Forfeit, Will Get Trophy

Shenangos for the second straight year have won the junior softball championship of New Castle, being declared the Class B winners yesterday at Rosena field when the Keystone A. C. Juniors failed to show up.

President Jake Babovsky had ordered the game played and the Keys failed to comply with the order. The Keys did not show up for the battle.

The Shenangos are managed by that well known South Side sportsman Joe Cherby, who has a fine record behind his name, of 33 victories and but six defeats for the year. A very enviable record.

The Shenangos will be awarded a handsome trophy cup by J. F. Perelman and it will be given to them at a feed to be held later in the month. The Shenangos will probably enter the Class A softball league next year, it is understood.

Louis-Ettore Meet Tuesday

Expect Big Crowd At Philadelphia Municipal Stadium For Heavyweight Battle

By WILLIAM G. WEART
International News Service Sports Writer
PHILADELPHIA, Sept. 21.—If 50,000 Frenchmen "can't be wrong" there must be some justification for 50,000 Americans parting with up to \$11.50 each to get a seat within unocular-sewing distance of the ringside for tomorrow night's heavyweight fight.

In other words, the paying customers today either feel Philadelphia's Al Ettore has a good chance of making a "might have been" out of Detroit's "Brown Bomber" or else a sanguinary instinct has led them to pay to see Joe Louis' kill. The former is correct, if you accept the opinion of most Philadelphiaans; the latter, if you lean towards the "impartial" predictions of the out-of-town experts.

Expect Big Crowd Latest reports indicate the "take" will be around \$250,000 with approximately \$150,000 already in the till, and that both fighters are in "the pink on condition" for the 15 round pugilistic presentation in the Quaker City's massive municipal stadium.

The Jack Dempsey-Gene Tunney fight, waged in the same arena, 10 years ago today, drew a crowd of 118,736, the largest in history while gate receipts of \$1,895,733. The latter figure was topped by the \$2,658,680 paid by fans in Chicago to see the famed "long count" match which resulted in Tunney holding the crown he won on that rainy night in Philadelphia.

Bonnetts Upset Nobils 12 To 5 Meet Radiators

Lawrence County Softball Championship Game Next Sunday Afternoon

"Stubby" Dwyer took the mound for the Bonnetts yesterday at Rosena Furnace field and pitched the Vendittomen into the finals of the Lawrence County Softball tournament with the Radiators next week. The score Sunday was 12 to 5. Dwyer gave the hard hitting Nobils but seven hits.

Mike Isabella started for the Bonnetts and gave way to Ivy Rubels in the latter innings. The Nobils tied the count at 4-4 in the last of the fourth, but could not do anything with the delivery of Dwyer after that.

The Bonnetts had 11 hits off of Isabella and Rubels. The heavy hitting for the Bonnetts was done by Joe Kelly, Texie Richards and Mike DiMucio. For the Nobils the hitting of Rubels, and Sid Lockley was a feature.

The Bonnetts really sewed the game up in the first of the seventh with a five-run attack.

The game was played before a large crowd of fans. The game was well handled by the three league umpires.

Score by innings:

Bonnetts	12	10	5
Nobils	5	7	2

Batteries: Bonnetts, Dwyer and Tex Richards; Nobils, Mike Isabella, Rubels and Percy Unipres. Santangelo, Isabella and Van Fossan.

Strollers End Softball Year

The Strollers softball team has concluded the 1936 softball season with a fine record of 20 games won and four games lost, and they were managed by Don Wymann, Bill Morgan, John Mortimer, Phil Crane, Fred Smith, Bill Evans, Bob Carson, Fred Quinto, Tony Dely, Walter Ryan, Bob Sage and Bill Irwin. The Strollers will be back next year with a strong team for the Class B league.

Tigers Defeat Sluggers 5 To 3

Tigers Forge Ahead In Seventh By Scoring Twice

PLAY THIRD OF SERIES TUESDAY

West Side Tigers defeated the Wilmington Sluggers at the Ryan-town field Sunday 5 to 3. The game was one of the best of the series. Sparkling fielding held the score down.

Manager Boyd used "Tinkle" Campbell, who held the Tigers at bay until the Tigers found their batting eye.

Manager Gilbert started "Lefty" Hannon, who gave way to Faller, who silenced the bats of the North Hill boys.

Heavy hitting honors went to Del-Principe, Faller and Bevan. McGreggor led the Sluggers at bat.

The third game of the junior titular series will be played at Lee avenue field Tuesday evening at 8 o'clock. Updegraff or Adams will hurl for the Sluggers and E. Morris for the Tigers.

Cold Rolls Top Brights To Take Steel Mill Title

Three Victories In Row Give Cold Rolls Carnegie-Illinois Softball Crown

Cold Rolls softball team is being congratulated on every side at the Carnegie-Illinois Steel company today for their three-straight victory over the Brights Hot Mill team that gave them the league championship. The score was 5 to 4.

"Ratsy" Kendra, the ace moundsman of the Cold Rolls, is coming in for a lion's share of the credit as it was the pitching of this youngster that put the series in the bag for the Cold Rolls. He gave the Brights but six hits yesterday. The Cold Rolls got to Slack in the first two innings for five runs and a big lead that was never in danger until the last of the eighth and the last of the ninth, when the Brights got two runs over the plate to almost deaden the count. Kendra fanned four men. Slack settled down after the first two innings and pitched a fine game.

Doubles hit by Eddie Seneski and J. Fabian were the only extra-base blows of the game. Parks, Morgan and Seneski had two hits apiece for the Cold Rolls. Walter Dytko and J. Fabian led the hitting for the losers.

John Morgan is the manager of the Cold Rolls. He has a fine record of 20 wins and 4 losses. He has a fine record of 20 wins and 4 losses. He has a fine record of 20 wins and 4 losses.

ELLWOOD DEFEATS UNION TWP. HIGH

Local Wolverines Score In First Three Periods To Take 18-0 Victory

FUNARI RUNS 95 YARDS FOR SCORE

ELLWOOD CITY, Sept. 21.—Subduing a stubborn and hard-fighting Union township high eleven, Ellwood City high Wolverines inaugurated their grid season with an 18 to 0 victory before 4,000 people at Lincoln field on Saturday afternoon. Although outweighted all-around Coach Davey Boyd's Union township high eleven was not outwought. Twice they rose to great heights to check the power displayed by Coach Bill Mitchell's first machine at Ellwood high, and compelled them to resort to the air for the score. It was a characteristic game put on by the Wolverines. The game was clean and hard fought throughout with penalties being imposed only for offense.

Nevertheless the game had its color and thrills. The locals in their flashy royal blue uniforms were an imposing sight. With a little polishing on their offense and aerial defense they are destined to go places. They displayed potential power game by game. In a big, open, charging, veteran line combined with a fast and powerful backfield the Wolverines showed promise of a winning eleven.

The spark and thrill of the game was provided by Ellwood's diminutive quarterback, "Russia" Funari, who side-stepped and dodged his way through a broken field for 95 yards and a touchdown after receiving a punt on his own five-yard line. Ellwood's other two touchdowns came as a result of a consistent drive within the shadow of the goal posts and then a forward pass from W. Young to Left End Flannagan over the goal line.

Score After Drive. Ellwood received the kick-off and seemed to be going places when a fumble by Bill Young on third down checked them. The visitors reciprocated on fourth down with the locals recovering on their own 40 from where they started their goalward march. With Young and Funari doing the ball totting the locals went straight down the field rolling off five first downs enroute. The Wolverines got to the 10-yard line and smashes netted only five yards. With fourth down and five to go Young passed to Flannagan over the goal line for the first score. Flannagan's attempt for extra point from placemen was no good.

Runs 95 Yards. The second touchdown was not long in following. Union received the kick-off and in three plays counted up their initial first down with Guinagh and Wotowitz carrying the ball. They were completely checked in the next three plays and got off a beautiful 45-yard punt. It was received on a bounce by Funari, who danced and squirmed his way through three line cut acrossers on the five-yard line, cut across the goal line standing up. Some fine blocking in mid-field by Harold Young, Pishonieri and Koah made the run look easy. Young took out the only person who had a chance to stop Funari. The safety man was blocked by Koah, although it is doubtful whether he could have overtaken the fleet-footed Funari.

From here Coach Mitchell sent in the second team. Just before the end of the half, Young ripped off a 20-yard gain through left tackle and Leopardi 17 yards through the other side of the line. The varsity kicked off in the third quarter and then took possession of the ball on Union's 40. The first play, a pass from Wotowitz to Flannagan, was intercepted by Wotowitz. Visitors were forced to punt and Ellwood took the pigskin on their own 42 from where they started their second drive for the touchdown. Mixing their plays well the locals counted up four more first downs before crossing over. Reaching the 13-yard line on running plays and a first down Young crossed the defense by passing on first down to Flannagan, who again stepped over the goal line for the final score. A pass for extra point from Young to Funari was incomplete.

The varsity was then through for the remainder of the day, as Coach Mitchell sent in his third team, and towards the close of the period the varsity substituted frequently in this period. The third stringers thrilled and delighted the fans as they made the most of their opportunity. They presented a better defense than the varsity as the attack of the visitors was stopped cold. Ed and Bob Snyder presented a fine brother act as they ran, passed to one another and punted.

Considerable improvement on offense is needed for the locals before their journey to Uniontown next Saturday for their second game of the season and first class AA game. Uniontown displayed its strength a week ago when the breaks of the game caused them to lose to Scott high 6-0. They defeated Geort Township 7-6 on Saturday. The local line would open up the holes on Saturday he ebut the blocking of the secondary was not what it might have been. Flannagan, H. Young, Perry and Daufen played an

Big Crowd Enjoys Opening Grid Game

Cheer Leading And Band Delights Crowd Of Over 4,000 People Saturday

ELLWOOD CITY, Sept. 21.—Over 4,000 people gathered at Lincoln field in ideal weather Saturday afternoon as Ellwood high opened its grid season with Union township high under Coach Bill Mitchell. The weather may not have been the type considered ideal by the players, but it was just perfect by the fans. The improvements on the field were observed and appreciated. The field had been carefully nursed through the past winter and spring and presented a beautiful green carpet. The scoreboard was cleaned and in operation. The public was kept informed of the game's progress by Fred Robuck, reporter for The News, who gave a play by play account of the game over the school's public address system.

The Ellwood high school band increased this year to nearly 60 pieces, performed before the game and between halves. The crowd heartily applauded their efforts. Mike Baier, as the new drum major, also received an ovation as a result of his unusual ability with the baton. A flag raising ceremony was held preceding the game. As the band played the national anthem the flag was raised by a group of Girl Scouts as the crowd stood at attention.

The cheer leaders, Myron Gelbach, Bob Christie, Jerry Johnston, Shirley Price, Margaret Cartwright and Rose Segard, led some fancy and snappy yells. By the next home game they will be attired in new corduroy outfits.

The roof of the new addition held 100 additional reserved seats than last year bring the total up to 75. Up here also was a newly constructed press box which was thoroughly appreciated by the reporters.

Elks Club Opens New Addition

Huge Crowd Attends Dance And Program In New Cabaret Room Of Club

ELLWOOD CITY, Sept. 21.—A huge crowd turned out to the Elks club Saturday evening to mark the opening of the club's new large addition.

The evening's activities and program were concentrated in the newly opened cabaret room. It is a large hall which can contain comfortably several hundred people. The dance hall will be completed in about two weeks. Part of the floor has to be laid in, waxed, and polished. Upon its completion a formal dedication program will be held.

Dancing, group singing, and a floor show were the diversions of the evening. Added features were vocal selections by the lovely Miss Helen Pozzuto of Wampum and Gene Meddeker of this city. The floor show was brought in from Youngstown. Much credit to the success of the affair is due to Joe Smith and his committee. Mr. Smith presided as master of ceremonies during the evening and proved quite proficient in this role.

The new dance hall when completed will be as large as the Shelby auditorium.

Pioneer Resident Dies At Hospital

Daniel Mains, 86, Passes Away At Local Hospital Following Short Illness

ELLWOOD CITY, Sept. 21.—Death Sunday afternoon at 3:30 o'clock claimed one of Ellwood City's well known pioneer residents with the passing of Daniel Mains, aged 86, at the Ellwood City hospital. Death was due to infirmities brought on by old age.

The deceased is survived by one son, Russell of Ellport, where he made his home, and a daughter, Wesley of New Castle, and one brother, Wesley of Ellwood City. He also leaves three grandchildren and four great-grandchildren.

He was the son of the late John Mains, a pioneer resident of this vicinity. The deceased had spent his entire life-time here and was well known in the community. He was considered an authority on early Ellwood City history.

Funeral services will be held on Tuesday afternoon at 2 o'clock from the Free Methodist church, with the pastor, Rev. H. P. Thomas officiating.

RIDGEWAY MEMBER
ELECTED PRESIDENT

"The best planned and the best carried out conference ever held in the Diocese of Erie," is the comment of one of the diocesan advisors of young people, who has attended all of them ever since they were organized, upon that held in this city yesterday and Saturday at St. Andrew's and Trinity churches.

Dr. D. A. McGregor, whose duties require him to be present at gatherings of this sort all over the country, said: "This is one of the very finest conferences I have ever attended. I have had a very happy week end."

These tributes to the officers, the general committee, the special committees and the members of the Young People's Fellowships of St. Andrew's and Trinity are well deserved. In their turn were heard to express their great appreciation of the fine co-operation they

received from the people of the churches and the management of the Elks club.

Large attendance characterized both of the Sunday services, that at St. Andrew's at 8 a. m. and at Trinity at 11 a. m. At the latter hour Dr. McGregor, head of the department of religious education for the national council, who has been home from Europe but a week, preached a powerful sermon. He described the attitude of youth in Europe and drew a glowing picture of the exceptional opportunity for adventurous leadership given to the Christian young people of this country.

At the luncheon in the Guild room of Trinity church held after the service, in a new and unique way, he described the technique of leadership. The luncheon was under the supervision of Mrs. M. A. Johnson and Mrs. Henry J. Hope, assisted by mothers of the young people.

Officers for the ensuing year were elected as follows:

President, Dale Anderson, Ridgeway.

First vice president, Tom Armstrong, Sharon.

Second vice president, Paul Abel, Sharon.

Secretary, Mary Norton, New Castle.

Treasurer, Gwendolyn Sherman, Warren.

The Saturday program included discussion groups, business session, dinner and dance at the Elks club.

McConahy Case Is Called For Trial

Charged With Involuntary
Manslaughter In Con-
nection With C. L.
Hyde's Death

Raymond S. McConahy, charged with involuntary manslaughter in connection with the death of C. L. Hyde, of 409 Reis street, in an automobile accident, was placed on trial before Judge W. Walter Brahm at court this morning. District Attorney Mont L. Alley represented the prosecution, Roy M. Jameson and Marshall Matheny the family of Hyde, and Attorneys H. A. Wilkins and Thomas W. Dickey, the defense.

The accident happened on the New Castle-Eldwood road on the morning of June 14. McConahy was going in the direction of Eldwood City and Hyde was coming in the opposite direction when the two cars collided, allegedly through the reckless driving of McConahy. Hyde's neck was broken and his left arm broken in several places, and he suffered other injuries.

McConahy had been with Charles Phillips and Leroy Trimble at the Phillips Inn previous to the accident, and were returning home.

Patrolman D. L. Homes and Coroner Potter, who made an investigation immediately after the accident, stated that McConahy was missing, but returned several days afterwards when an information is being made to show that there had been some drinking in the party previous to the accident. The case is still on trial.

Robert Browne, joins forces searching for his kidnapped baby.

(International News Service)
DETROIT, Sept. 21.—Robert Browne, father of the missing 20-month-old baby, today was listed as one of the active searchers for the infant reported stolen from his perambulator in a park 17 days ago.

Since the reported kidnapping by a "woman in blue," the father had spent most of his time waiting in his humble home for word of the search, and consoling a grief-stricken mother.

But Sunday, he took active participation with police and G-men running down two fresh clues, both of which, however, proved futile.

Browne was given a momentary surge of hope yesterday when he saw a woman carrying a child whom he thought to be his missing son. He gave instant pursuit, only to find the child was a girl.

France May Close
Border Of Morocco

(International News Service)
PARIS, Sept. 21.—The foreign office is considering closing the border between French and Spanish Morocco in a diplomatic tiff following execution of a Frenchman by Spanish colonial rebels, it was revealed today.

Reuters news agency said French Moroccan authorities had decided to publish a decree closing the border because the Spanish Moroccan government (rebel) had failed to reply to France's ultimatum demanding an apology and 300,000 francs damages for the execution.

The foreign office, declining to elaborate, told International News Service "we still are studying the question."

NON-SUPPORT OF
CHILD IS CHARGED

Department Is Graduated Last Night, First M. E.

Teen Age Department Gradu-
ation Exercises Are Con-
ducted At Church

Diplomas were presented to the graduating classes of the teen age department of the Sunday school, Sunday evening, at the First Methodist Episcopal church.

The presentation was made by R. L. Meermans, general superintendent. The graduation address was made by the Rev. Fred D. Gealy, missionary-teacher representative of the Epworth League of Erie Conference at Tokyo, Japan, formerly a resident of Oil City.

Names of the graduates follow:
Helen Fair, Betty Kay Mathew, Ella Milton, Ida Milton, Elizabeth Slaver, Robert Cole, Walter Heckert, David Kimmel, Howard Kimmel, Virgil Maybray, Don Porteous, Delmar Probst, Eugene Probst, Arthur Ramsey, Reid Shiner, Harry Thacker, Howard Updegraff, Russell Warner, Bud Wharton.

Under-graduates who served as ribbon-bearers were James Cavill, George Heckart, Eleanor Lowe, Virginia McBride, Alice Preston and Lester Leub.

Mrs. I. Miller Henley is superintendent of the teen age department and her assistants are Miss Mildred Sargeant and Mrs. R. L. Meermans. The teachers of the graduating classes were Miss Ida Schnackel, Jack Houston and Dr. R. W. Baum.

A beautiful ceremony was conducted, consisting of the presentation of the church school superintendents, the officers and teachers of the teen age department, and the graduates. Reverend Fred D. Gealy spoke of the fact that the earliest training of Japanese children mingled the love of beautiful things with preparation for warfare and slaughter. He said that when the nations of the west show to the world a better way of settling differences, Japan will learn and follow that better way. He urged the young people of the graduating class to throw their influence in the days and years ahead toward the bringing in of peace, that all things may be beautiful, and the time when there will be no need for studying methods of cruelty.

In the Epworth League devotional meeting which preceded the evening worship service, Rev. Fred Gealy told about the University and Theological school in Japan with which he is connected. A fine group of young people was present at this opening meeting of the fall.

Yesterday marked the opening Sunday of the new conference year in the First Methodist Episcopal church of this city. The pastor, Dr. Norris A. White, began his fifth year of ministry in this church, and in the morning service preached a fine inspirational sermon on the theme: "Building Christ's church," based on the text: "Thou art Peter, and upon this rock I will build my church; and the gates of Hades shall not prevail against it," Dr. White has given faithful service to First Church in the past four years of his ministry, and the past year especially has seen great progress made, due to his splendid leadership. Aside from the many improvements made in the church building, operation and fellowship, and the financial condition of the church and its organizations is the best in years. The church now looks forward to a still more successful year ahead, inspired by the encouragement which the pastor gave in his closing remarks, when he voiced his desire to live among the people as a courteous Christian gentleman, and to give his best service to this congregation. The people, as they listened, felt the urge and challenge of Dr. White's message, and went out inspired and encouraged to go forward to new victories in the coming year.

Catholics Hold Outdoor Rally

More Than 50,000 Catholics
Rededicate Selves To Rid
Country Of Religious
Foes

(International News Service)
NEW YORK, Sept. 21.—The pledge of a faith to a cause—the Holy Name Society's oath to fight atheism—renewed, Catholics from all parts of the nation today turned homeward to combat forces working against their religion.

More than fifty thousand Catholics yesterday knelt before an altar at Randall's Island and rededicated themselves to purge this country of all forces contrary to religion. The huge outdoor rally marked the closing of the society's national convention during which Communism was flayed by the church's high prelates.

Cardinal Patrick Hayes spoke to the diabolical, blood-crazed enemies of God and His church in Spain. Thunderous applause rang out when he asserted:

"We invoke this day our blessed mother, virgin most powerful—O Mary, come to the rescue of the church in Spain."

American war vessels are leaving Spanish waters, there being no reason to stay if they can't hit a Spanish plane in nine shots.

That rejuvenation operation may make a man feel young temporarily, but you can say that about hooch.

Girl Loses Life

As Home Burns

(International News Service)
DAYTON, O., Sept. 21.—Trapped on the second floor of her blazing residence, Norma Jane Pileman, 12, was burned to death here early today and her parents, Mr. and Mrs. Herman Pileman, were critically burned.

Of undetermined origin, the flames had spread throughout the interior of the Pileman residence before the family was awakened. Four other children fled to safety but Jane was cut off from escape by a curtain of fire. Her body was recovered later from the smoldering ruins.

Themselves severely burned while trying vainly to save their daughter, Mr. and Mrs. Pileman were taken to a hospital.
